FROM: Pamela Andros, AICP, Senior Planner

SUBJECT: Sub. 1 to 2021-OA-002 Amending Chapter 10 of the Dane County Code of Ordinances, Revising Various Sign Regulation Provisions.

DATE: November 19, 2021

CC: Todd Violante, Director of Planning and Development
Roger Lane, Zoning Administrator
Karin Thurlow-Peterson, County Board Office

Sub. 1 to 2021-OA-002 makes some minor changes - some related to experience with administering the ordinance, some correcting minor oversights, and some resulting from feedback provided by the towns. An example of the first is adding a definition for “subdivision sign”, and adding a note about subdivision signs to *Table 1: Signs Permitted with a Permit by Zoning District*, to clarify that subdivision signs are allowed in NR-C zoned lots located within subdivisions. An example of correcting oversights is the addition of RR-16 and SFR-2 to all of the tables. Related to this was adjusting dimensional requirements shown in Table 4, for rural residential districts, residential districts and hamlet districts. One of the greatest concerns expressed by the towns about OA-002 was changing the display period allowed for signs allowed without a permit from 60 days two times per year to 30 days. Sub. 1 to OA-002 changes the period back to a 60 day period. Also in this section, Section 10.803(3)(f), the term concurrently was changed to consecutively.
