PUBLIC HEARING January 25, 2022
Petition # 11783

Re: 8670 Garfoot Drive, Mount Horeb = SFR-08 to RR2

We wish to add 2.82 acres to our lot, to incorporate our existing mound system onto our property. The mound system runs parallel to Garfoot Drive, to the west of our house, with an easement granted from the farm.

Respectfully,
David and Robyn Garfoot

Re: 1368 Primrose Center Road, Mount Horeb

Dear Committee Members:

We wish to add 2.82 acres to our current RR4 lot, in order to square the lot up. We also wish to add a buffer between our property, and the adjoining farm property.

Thank you for your review of this request,
Thomas and Jami Erickson
