# Bid Waiver Form

Revised 04/2021

## Procurement Exception List

- Emergency Procurement
- Unique and specific technical qualifications are required
- A special adaptation for a special purpose is required
- A unique or opportune buying condition exists
- Only one vendor possesses the unique and singularly available ability to meet the Department's requirements

Provide a detailed explanation as to why the competitive bidding (RFB/RFP) process cannot be used. Also provide a detailed justification in relation to the Procurement Exception(s) chosen:

Lake Management is in need of two trucks that will be used for dredging operations of the Yahara River. Currently, there is over a year long process to obtain a vehicle using the state contract for new vehicles. Some of the manufacturers are cutting back on specific models, the order portals for specific models aren't opened up yet and the manufacturers are not disclosing if and when the order portals will be opened up to actually place an order.

These trucks are approximately the same cost as the state bid price. Currently, it is very challenging to purchase vehicles due to supply and demand and other issues that have been plaguing the auto industry for a year or so now.

We are requesting a bid waiver to purchase the two trucks documented on this bid waiver from Lynch Truck Center. These 2 trucks are currently available which will allow use of them this year in our operations. Land and Water has lost out on a couple trucks similar to this which is why if these 2 trucks from Lynch Truck Center are sold before Land and Water can make the purchase, we are requesting authorization to find and purchase 2 similar trucks in specifications and price.

## Bid Waiver Approval (For Purchasing Use Only)

Under \$40,000 (Controller)

\$40,000+ (Personnel & Finance Committee)

Date Approved:
