Dear Members of the Personnel & Finance Committee,

I support Resolution 429 because Badger Prairie Health Care Center workers are all heroes and should be treated equally. No workplace, especially a health care facility in the midst of a pandemic, can survive without all employees giving 100%. In 2020, we didn't have a lot of what we do today- tests, vaccines. Everyone is essential, every one of them is a hero and all employees should receive the same, fair, equal treatment and compensation.

The Administration is trying to argue that costs will exceed \$2 million. This is a gross exaggeration and wildly inconsistent with the Fiscal Note which correctly indicates the cost to be \$44,353.

Thank you,

Brian Standing, President
