County Board Members,

Please vote "NO" to Authorizing the Purchase of Yahara Hills Land for County Landfill. This design has yet to be tested anywhere else so close to a densely populated area so there are too many unknowns regarding the full impact to our quality of life, health and safety, and property value. We have already unexpectedly had to tolerate the ill-effects of the Rodefeld landfill for the past 5 years; we have 8 more to go. We have been given zero reasons to believe this new landfill will be a better neighbor. Please do not add on another 40 years of suffering for these communities; please vote "No".

We have young children and elderly parents impacted by this. We also attend Hope Lutheran Church and are sincerely concerned about the air quality impacts, water impacts and soil impacts already brought on by the current landfill. As voters and tax payers of Dane County we are directly impacted by these waste management sites.

Sincerely

Shannon Morrison, PharmD
