

11/03/2022

To whom it may concern:

The proposed DISH Wireless LLC wireless equipment (see attached specification sheets) with a centerline radiation point of 195°; to be located at on the parcel 026/0511-032-8100-0 in the Town of Dunkirk (more specifically at latitude: 42 55 56.81N and longitude: 89 11 05.74W) will operate below the maximum permissible exposures for both Occupational/Controlled and General Population/Uncontrolled thresholds mandated by the FCC.

Additionally, Dish will comply with the FCC rules and the FCC Best Practices Guidelines regarding interference to other radio services

If any additional information is required, please contact myself or our primary site acquisition vendor, Derek McGrew of CelluSite, LLC (derek@cellusite.net).

Sincerely,
DISH Wireless LLC
