☒ I agree that the above information is up-to-date and correct.

NOTE: If this information is not correct, please go to the Organization Page to make necessary corrections.

**Alcohol-impaired Driving:** In Wisconsin during 2014 alcohol was listed as a contributing factor in 4.1% of all crashes. 30.7% of all vehicle crash fatalities in 2014 were alcohol-related, resulting in 153 deaths. Alcohol-impaired driving is associated with other high-risk behaviors that increase the likelihood of a crash and of significant injury or death occurring; these include speeding, and failure to wear seat belts.

In 2014, 51% of persons killed and 24% of persons sustaining incapacitating injuries in Wisconsin crashes were NOT wearing seat belts. Many of these people were ejected from their vehicle. Statewide seat belt use was 84.7% in 2014, however Wisconsin seat belt use still remains about six percentage points lower than the national average. It has been estimated that seat belt use by motor vehicle occupants in Wisconsin prevents more than 200 traffic related fatalities and more than 8,000 serious injuries annually.

In Wisconsin during 2014, speed-related crashes were listed as a contributing factor in 17.4% of all crashes, and almost 30.8% of all fatal crashes. A total of 163 people died in these crashes. Excessive speed is often associated with other high-risk behaviors that increase the likelihood of a crash and of significant injury or death occurring; these include following too closely and failure to wear seat belts.

For Alcohol Enforcement Grantees, reimbursed enforcement must take place between the hours of 6:00P and 4:30A

**Relationship to Work Plan:**

All budget items must relate to activities described in the Work Plan. Reimbursement will be based on actual costs, NOT budgeted rates. Only project activities and expenses described in the approved work plan and budget, incurred during the grant period, are eligible for reimbursement. Expenses incurred that are not specified in the budget or work plan will not be reimbursed.

**Document Requirements:**

Grantee will document hours, wage and fringe rate, and all match costs. Fringe benefit shall be actual costs. Payment for salaries and wages shall be supported by a time and attendance report, or equivalent records, which shall be kept on file at the agency for three years from the date the project closes. Grantor reserves the right to perform monitoring activities, to include ongoing review and audit of department records.

**Monitoring:**

Grantee consents to monitoring by BOTS staff to ensure compliance with applicable state and federal regulations. Monitoring may occur on-site and will require access to original versions of employee payroll information, citations, and other materials related to the implementation of this grant.

**Match Requirements:**

A local match of at least 25% of the grant total is required. The match budget line may consist of estimates of program match.

- OWI and Seat Belt Task Force Grants are not eligible for equipment reimbursement, but purchased equipment may be used for local match.
- Match funds must be submitted with each monthly activity report.

**Buy America:**

Grantee agrees to comply with the provisions of the Buy America Act, 23 USC 313, which includes the following requirements: Only steel, iron and manufactured products produced in the United States may be purchased with federal funds unless the US Secretary of Transportation determines that such domestic purchases would be inconsistent with the public interest; that such materials are not reasonably available and of satisfactory quality; or that inclusion of domestic materials will increase the cost of the overall project Grant by more than 25 percent. Clear justification for the purchase of non-domestic items must be in the form of a waiver request submitted to and approved by the US Secretary of Transportation.

**Equipment Requirements:**

No more than one-half (50% Rule) of the grant funds may be allocated to equipment, not to exceed \$4,999.00. If equipment costs exceed the cap of \$ 4,999.00, NHTSA approval would need to be obtained prior to purchase, and any amount in excess of \$4,999.00 would be Local Match. Grantor will mark the equipment and maintain a proprietary interest until the total equipment value falls below \$4,999.00.

**Note:** The 50% Rule relates to reimbursed grant funds, not to the initial grant award.

For example: The Grantee receives a grant of \$10,000.00 and budgets \$5,001.00 for Wage and Fringe and \$4,999.00 for Equipment. The Grantee utilizes only \$2,500.00 for Wage and Fringe. Then, the total grant amount is reduced to \$5,000.00, of which no more than 50%, or \$2,500.00 (not \$4,999.00) can be used to purchase said equipment.

**Important!**

While equipment may be ordered/purchased once the Grant is approved by BOTS, actual reimbursement for said equipment will not occur until grantee has worked the minimum hours needed to insure that the 50% rule is met.

For example: An Agency budgets \$15,000.00 for enforcement and \$4,500.00 for Equipment, \$4,500.00 in Enforcement must take place before the equipment purchase will be reimbursed.

Grantor reserves the right to monitor the use of all equipment purchased using Highway Safety Funds. Grantee will make the equipment available for viewing by grantor upon notice.

**Approved Equipment:**

[Click here](#) for all Approved Equipment listed in the Highway Safety Performance Plan.

Alcohol/drug-testing, and alcohol enforcement devices must comply with standards and specifications established by NHTSA or other nationally recognized standard-setting agencies.

**NHTSA Guidelines do not allow the purchase of Speed Enforcement Equipment with Alcohol Grant Funds**

[Click here](#) for a list of all TraCS compatible equipment. (Use for TRaCS grants only)

**Equipment Purchase:**

The Equipment Purchase Form within this contract is a term of this contract, if either High-cost or Low-cost Equipment is purchased. "High-cost" Equipment is defined in the General Terms; other equipment is considered 'low-cost'.

**Grantee must specify make, model, quantity and purchase price of each type of equipment to be purchased.**

Item	Assembled or Made in America		Federal Grant	Local Match
	Yes	No		
<b>Total</b>			<b>\$0</b>	<b>\$0</b>

If you selected "NO" for any piece of equipment, please indicate (for each piece) the justification for the purchase of non-domestic items. Reasons may include:

- Domestic materials or equipment not reasonably available
- Domestic materials or equipment not of satisfactory quality
- Domestic materials or equipment would increase the cost by more than 25%

The purpose of this Agreement is to enable BOTS to award grant funding to Grantee for eligible costs of the Grant Project (Grant) undertaken as outlined in the project narrative and work plan. The funds shall be used exclusively in accordance with the provisions of this Agreement, as well as applicable federal and state laws and regulations.

### 3. Implementation

Grantee shall be solely responsible for the design and implementation of the Grant as described in the project narrative and work plan. Grantee agrees to conduct the Grant in accordance with these plans as approved by BOTS. Modification of the Grant shall require prior approval of BOTS. Any change in project coordinator, financial officer, authorizing official, addresses, or telephone numbers requires written notification to BOTS. If the work plan or other documentation must be changed after the contract is signed, Grantee must submit an amendment request via the WISE Grants System. Amended activity may not commence prior to BOTS approval. Amendments will not be considered after July 1 of the fiscal year during which the project is commenced. Employee time records for actual hours worked or percent of time dedicated to project activity are to be maintained by Grantee and made available to BOTS upon request with reasonable notice. Each budget item identified as Other shall be claimed separately.

### 5. Monitoring by the State

Grantee consents to monitoring by BOTS staff to ensure compliance with applicable state and federal regulations. Monitoring may occur on-site and will require access to original versions of employee payroll information, citations, and other materials related to the implementation of this grant.

All highway safety projects are funded on a cost reimbursement basis. State or local funds shall be expended before federal reimbursement is made.

BOTS shall reimburse Grantee only for the actual hours worked, and for other eligible costs, and only if the costs are incurred in performing tasks identified in the Project Narrative or Work Plan. Personnel costs shall be reimbursed on the basis of hourly salary and fringe rate(s) that have been verified and approved by BOTS, or on the basis of percentage of annual salary and fringe dedicated to project activity as described in the Project Narrative or

Each item shall be tagged, inventoried, and monitored until the federal interest is released.

Tangible, non-expendable personal property having an acquisition cost of less than \$5,000, and budgeted as materials and supplies, will also be monitored. Grantee must inform BOTS when equipment is no longer used for the purpose for which it was acquired.

(b) Grantee shall credit the Wisconsin Department of Transportation, Bureau of Transportation Safety and the National Highway Traffic Safety Administration on all such materials.

#### **9. Program Income**

Program income is gross income derived by Grantee from grant-supported activities. Grantee will report program income on reimbursement claims, stating whether the income is retained or credited as a reduction in federal share of project expenditures. If retained, such income may be used only for highway safety activities and is subject to audit by BOTS.

### 15. Lobbying Activities

#### *Certification Regarding Federal Lobbying*

No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, Disclosure Form to Report Lobbying, in accordance with its instructions.

The undersigned shall require that the language of this certification be included in the award documents for all sub-award at all tiers (including subcontracts, subgrants, and contracts under grant, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

#### *Restriction on State Lobbying*

None of the funds under this program will be used for any activity specifically designed to urge or influence a State or local legislator to favor or oppose the adoption of any specific legislative proposal pending before any State or local legislative body. Such activities include both direct and indirect (e.g., grassroots) lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if

such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

#### 16. Buy America Act

Grantee will comply with the provisions of the Buy America Act (49 U.S.C. 5323(j)), which contains the following requirements:

Only steel, iron and manufactured products produced in the United States may be purchased with Federal funds unless the Secretary of Transportation determines that such domestic purchases would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. Clear justification for the purchase of non-domestic items must be in the form of a waiver request submitted to and approved by the Secretary of Transportation.
