Mr. Lane

If you could send it to them that would be helpful. I was instructed to send my letter of concern about the CUP to you, so I apologize if this was incorrect on my behalf.

Thank you!

Hello

I would like to voice my concern for the CUP being applied for at 7069 Applewood Drive. I feel the largest issue with this business running a day school out of a residentially zoned home, is the fact that the business is claiming to be a family run in-home daycare. There is no family that live in the house, only an employee. If the family isn't living there, then we need to ask the CUP advisors how they can even apply for the CUP when there is no family in the home? The state needs to take a thorough look at how a business can obscure the words of the laws written for a multi cite day school and a family run in home daycare.

Thank you for your time in this matter.
