RE: November Update

---

Several updates for this month.

First, see the attached ARPA quarterly report on data and outcomes for pandemic activities. Let me know if there are any questions.

The PEI division is mourning the loss of a recent retiree—Ron Johnson.

Staff are working on a way to appropriately celebrate his life and contributions to happen sometime later in November.

We have received the final report from Recovery Innovations International on the crisis system and the roadmap for the creation of the Crisis Triage Center.

RI Dane County CTC  
Consultation FINAL

Finally, as of the drafting of this memo, there have been no new cases of COVID among residents at Badger Prairie. We have also received guidance as of late last week that mandates that the remaining few unvaccinated staff at Badger Prairie must get vaccinated by early December in order to comply with federal rules.

Thank you, as always, for your support.
