

2671 Straus Drive

Stoughton, Wi 53589

Town of Pleasant Springs

Dane County, Wis.

To whom it may concern:

On behalf of David and Tammie Smithback, owners of said property, we would like to raze the existing residence and rebuild a new home. With the idea of building the new home, we would like to move the structure 150' North of the current site. Reasons for doing so are as follows.

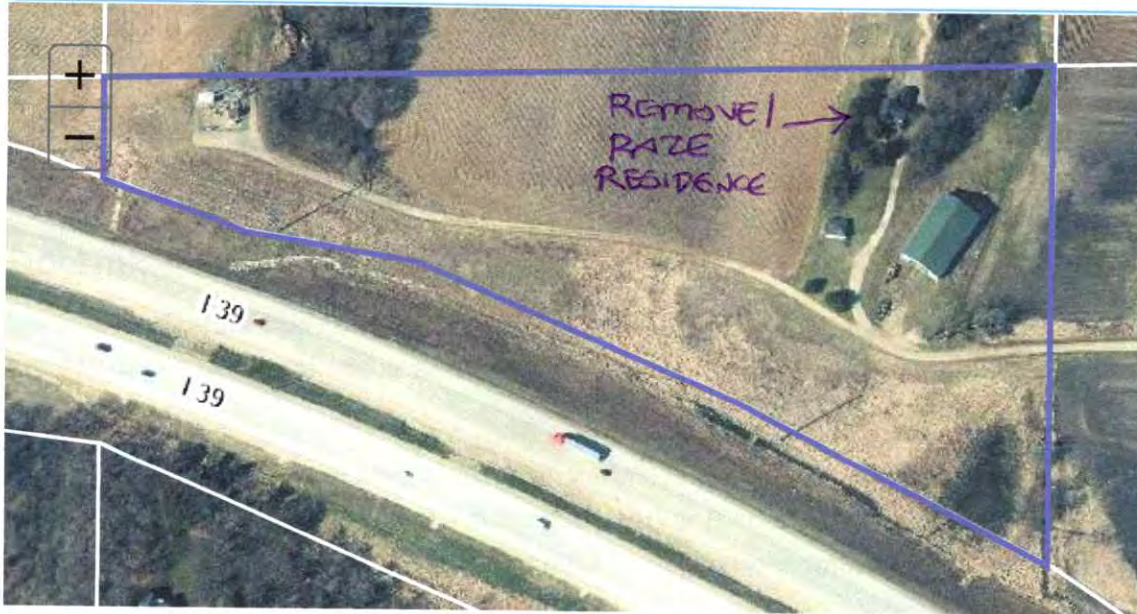

1. We would like to move the house to the flat spot on top of the hill, vs. the sidehill that it is currently located on now. The topo will show the new location is flat.
2. The existing driveway and current gravel drive terminates at the proposed location and that is where current parking takes place.
3. In the process of this demolition and rebuild, the new septic system will be to the North and West of the existing home and this will allow for a gravity system without the system being a substantial distance from the home.
4. The current well is North of the existing home so we will be "Leap Frogging" over the well.

Thank you for your consideration,

Chris Miller, representative.
