How does the Equal

relate to the Homeless
Bill of Rights ?

Homelessness:

Means the status of lacking housing (without regard to whether the individual is a member of a family). This includes those individuals whose primary residence during the night is a supervised public or private facility (e.g., shelters) that provides temporary living accommodations, and an individual who is a resident in traditional housing.

Can also be perceived as being homeless (intersectionality with physical appearance) or in association with someone who is homeless.

HOMELESS BILL OF RIGHTS

- (2) Equal treatment by all state and municipal agencies, without discrimination on the basis of experiencing homelessness;
- (3) Be free from discrimination while seeking or maintaining employment due to the lack of a permanent mailing address, or a mailing address being that of a shelter or social service provider;
- (4) Access emergency medical care free from discrimination based on experiencing homelessness;
- (5) Vote, register to vote, and receive documentation necessary to prove identity for voting without discrimination due to experiencing homelessness;

(6) Protection from disclosure of records and information provided to homeless shelters and service providers to state, municipal, and private entities, without appropriate legal authority; and the right to confidentiality of personal records and information in accordance with all applicable limitations on disclosure, established by the United States Department of Housing and Urban Development, the Federal Health Insurance Portability and Accountability Act, and the Federal Violence Against Women Act.

(7) A reasonable expectation of privacy of personal property.

(8) The right to engage in lawful self-employment in the same manner as any other person, including, but not limited to, the right to seek self-employment in junk removal and recycling that requires the collection, possession, redemption, and storage of goods for reuse and recycling.
