

The Dane County Department of Planning and Development is revising the Dane County Farmland Preservation Plan. This plan helps determine which farmers are eligible for state Farmland Preservation income tax credits. It also includes policies related to farming land use, soil and water conservation and the farm economy. As a farmer in Dane County, your opinion is important to us! Please take a few moments to respond to a quick survey at the following link:

Insert URL .surveymonkey.com

If you prefer, you can also call 608-571-3186 and let us know a phone number and a good time to reach you. One of our project staff will call you back to go through the survey over the telephone. Thank you for your time and attention. We look forward to hearing from you.
