

Dane County Community Development Block Grant Program

Microenterprise Business Loan Application

Office of Economic Development 210 Martin Luther King, Jr. Blvd., Room 421 Madison, WI 53703 ouchakof@countyofdane.com cdbg.countyofdane.com

The goal of the Microenterprise business Loan (MBL) program is to create jobs for County residents by supporting County businesses. The objective is to offset costs for small businesses and microenterprises located in Dane County to add these jobs.

1. APPLICANT CONTACT INFORMATION DATE:12/28/2022
Business owner names:Kevin Bachhuber
Mailing address:1 N Lakewood Gardens Ln, Madison, WI 53704
E-mail address:kevin@bachhuberconsulting.com Phone:608-512-0595
2. BUSINESS INFORMATION
Business name:Madison Cricket Farm LLC
Business address:116 Antique Ln, DeForest, WI 53704
Business phone:608-501-2331
Business License #: 600-1029313428-03
Business Start Date:6/4/21
Organizational Structure: X LLC S Corp. Sole Proprietorship Corporation
Not Yet Established Other:
Business' EIN (or if Sole Proprietorship only, provide the primary owner's SSN): 87-1040759
DUNS #: 075450661 [The DUNS # is required for all federally funded programs. Obtaining a DUNS number is a free, simple, one-time activity. Obtain one by calling 1–866–705–5711 or by applying online at http://www.dunandbradstreet.com.]
3. ELIGIBILITY REQUIREMENTS
a. In order to be eligible for this loan program the business must meet ALL of the following criteria:
X The business must be physically located within Dane County outside the City of Madison.
X The business must have five or fewer employees, including the owner. Number of employees:1
X The business must have been established within the last five years or be ready to start within six months.
X This program requires you to create at least one full-time job for a low- or moderate-income (LMI) County resident. Number of New Jobs: [See #5 for details on what qualifies as a LMI Job.]

	X Graduated from a microenterprise or a small business development course or training program within 24 months of the application date:
	☐ City of Madison "Market Ready" program;
	 Wisconsin Women's Business Initiative Corporation (WWBIC) coursework;
Χ	UW-Madison Small Business Development Center (SBDC) coursework or training;
	 Other- applicant must submit course syllabus or training agenda along with evidence of successful completion with the application and that must be approved by the CDBG Commission.
	Completion date: 3/25/21
	X Held a pre-application advising session with the OED staff regarding the business and loan application. Advising Date(s):12/16/2022
C.	Does any business owner have any personal/business judgments, unsettled lawsuits, major disputes, or tax liens against you/them or pending against you/them?NoYes If YES, please describe in attachment.
d.	Has the business, or any principles of the business, been involved in bankruptcy or insolvency proceedings? NoYes If YES, please describe in attachment.
e.	Are there any delinquent taxes (local, state, federal, etc.) or payments owed to municipal utilities (sewer, water) by the applicant business and/or any of its owners?NoYes If YES, please describe in attachment.
f.	Are you currently compliant with all applicable local, state, and federal zoning, permits, and other regulations regarding the operation of your business?NoYes If NO, please describe in attachment.
4. PR	ROJECT EXPENSES AND FINANCING INFORMATION
CD	BG LOAN REQUEST:\$8,000 (The maximum loan amount is \$8,000.)
a.	Provide a description of the proposed project.
1	In order to support job creation in my farm, I would like to: Create enough space in the budget to properly search for and hire a full-time farm manager by paying two months of rent from MBL funds.
2	2. Buy more inventoried products (egg flats, shipping boxes, and feed) to support expansion.
3	3. Install several systems to make the work easier for workers, including a harvesting mechanism to support
	harvesting and packing crickets more efficiently, and some basic automated systems.

b. Calculate and explain all expenses the loan will pay for (expenses should correspond to Project Budget in Question #7). Include justification for expenses to be paid with the loan.

Use of Funds	Units	Cost/Unit	Shipping	Total	MicroLoan	Personal Funds	Justification
Feed	120	27.99	515.58	3874.38	1937.19	1937.19	Needed for expansion
Large Boxes	1040	1.55	\$300	\$1,912	\$956	\$956	Needed for expansion
Small Boxes	1440	1.28	\$300	\$2,143	\$1,072	\$1,072	Needed for expansion
Egg Flats	56	14.95	209.52	1046.72	523.36	523.36	Needed for expansion
Rent	3	1500		4500	2250	2250	Create room in budget for FTE

Materials for Harvester		\$800	\$400	\$400	Decrease work difficulty
Automation Systems		\$1,200	\$600	\$600	Decrease work difficulty
Contingency		\$524	261.85	261.85	Unexpected Costs
	Totals	\$16,000.00	\$8,000.00	\$8,000.00	

c. Explain how the loan funds will be used and the importance of this loan to the success of your business.

See above.

Finding and training the right candidate is difficult enough without the work being backbreaking, hence the new systems.

Likewise, many farms at my size and scale have difficulty breaking through to their next expansion because they can't afford to get pallets of stuff until they've sold enough product to justify the pallets, and their cycle of small-scale goes on and on. A few pallets of materials will allow us to substantially increase production and push through that cycle.

Finally, I would like to cast a wide net for our new FTE. I understand this will take time. Paying rent for a couple of months through the MBL program will create a little fund to ensure this person is paid while we're training.

d.	Total of other grant or loans received for business (if any): \$10,000
	Describe source and purpose of other grant or loans: We received the Dane County Buy Local new business
	incentive in 2021.

P	List all other funding sources	(including nersonal funds)) and describe below: \$8,000
C .	List an other randing sources	tiliciaaling personal ranas	, and acserbe below. Jo,000

Of my own personal funds are going into this project.

5. JOB CREATION

The business must create **at least one full-time job** or equivalent to be held by or made available to* low- or moderate-income (LMI) County residents or formerly unemployed residents and may include the business owner's job if business owner qualifies as LMI. If more than one job is created, then at least 51 percent of the jobs must be held by or made available to* LMI residents, defined by HUD as residents earning less than 80% of the area median income by household size. (See current income guidelines the Job Creation Self Certification Form.)

*Jobs are considered to be "made available to" LMI persons when:

- The job does not require special skills that can only be acquired with substantial (i.e., one year or more) training or work experience or education beyond a high school education.
- Dane County and the assisted business take actions to ensure that LMI residents receive first consideration

for filling such jobs.

Please select one of the following:

I am eligible for this pro	ogram because as a n	ew business owner	, I am creating a full-t	ime job for myself and I
qualify as a LMI County residen	nt per the current HUI	o income limits. (Co	mplete the LMI Job C	Certification form.)
X I do not qualify as a LN 12 months of the loan agreeme form and you will be required is not collected until the position. Current Number of Employee	ent date. (Each new e to submit a Job Creat on is filled.)	mployee will need tion Report that co	to complete the atta llects demographic d	ata on new hires. <u>This info</u>

Number of NEW FTE jobs	to be created that will	be held by or made available to LMI residents:2
Anticipated Hire Date(s): _	5/30/2023	Do the new jobs include the owners' job? X YES NO

6. LOAN FORGIVENESS

There are two ways a business may qualify for loan forgiveness.

1. Business operates in Food and Agricultural sector.

Agriculture is an important component of the Dane County economy. To support this sector and attract new entrants, Dane County is offering loan forgiveness to qualifying businesses working in the food and agricultural sector. Applicant must indicate and explain how business qualifies as a food and agricultural business.

2. Business creates at least one (1) additional job.

Non-food and agricultural businesses that create at least two (2) total full-time equivalent (FTE) jobs may qualify for loan forgiveness.

LMI business owner + 1 LMI employee

IF the business is eligible for the MBL program because, as a new business owner, he/she is creating a job for self and qualifies as an LMI resident of the Dane County Consortium, **THEN** one additional FTE job created and filled by a person of LMI is required for loan forgiveness.

Non-LMI business owner + 2 LMI employees

IF the business is eligible for the MBL program because business owner is not LMI but is creating a new job that will be filled by an LMI resident (or is receiving MBL funding but for other reasons the business does not qualify as a microenterprise business), **THEN** a second FTE job created and filled by a person of LMI is required for loan forgiveness.

To qualify for forgiveness, the business must create the agreed upon positions and retain those positions for at least one year. The earliest a business may receive forgiveness is 24 months from the date of the executed loan agreement.

The loan mus	st be in good standing with all reporting and programmatic requirements to be considered for loan
forgiveness.	A final determination of loan forgiveness eligibility will be made by the CDBG Commission prior to loan
closing.	

Are you applying for loan forgiveness? Yes __X_ No ____ If Yes, please explain how you qualify:

I intend to first hire a full-time farm manager (as my first FTE), then hire two part-time farmhands and a salesperson/account manager to reach 2 FTEs.

7. SUPPORTING DOCUMENTATION TO SUBMIT WITH APPLICATION

- a. X Business Plan
- b. X Resume of each business owner
- c. X One year financial projections and annual operating budget (existing businesses); OR start-up cash-flow projections and annual operating budget (start-ups)
- d. X Project Budget. Include documentation of costs or expenses to be paid with the CDBG loan (such as leases, utilities, quotes/estimates, etc.)

8. ASSURANCES AND SIGNATURES

I understand and by signing agree: that all information I have provided in this application is true and correct to the best of my knowledge. I agree to notify County staff promptly in writing upon any material change in the information provided herein. County staff is authorized to make such inquiries, as staff deems necessary and appropriate to verify the accuracy of this application.

Highlights of Qualifications

Strategic Planning
 Leadership
 Funding Procurement

Organization • Commercialization • Professional Consultation

Technical Writing
 Research & Development
 Financial Acumen

Relevant Experience

Bachhuber Consulting LLC

November 2016-Present

Managing Member

- Onsite consultative services for new & expanding insect farms
- Offsite regulatory, infrastructure, network, research and development, and design services for insect agriculture community
- Lead a fluctuating team of 5-8 members & often supervise performance
- Assist or train companies in various aspects of insect agriculture

Project-Specific Experiences:

- Hardware & product design from conception to production
- Collected, prepared, and evaluated farmed insect and pest species
- Adapted, modified and developed new techniques or procedures in support of both research experiments and production procedures related to crickets
- Developed various procedures, devised new and improved methods and designed specialized equipment
- Led research experiments to determine optimized breeding and reproduction cycles and kept detailed records on egg production, survival rates, growth rates, and population densities
- Wrote, edited, and licensed comprehensive guide to designing and operating cricket farms

Big Cricket Farms

April 2014-October 2016

Co-Founder

- Piloted America's first FDA-inspected human food grade insect farm
- Led 17-month project from conception to execution to develop FSMA-compliant
- Designed specialized equipment and adapted, modified, and developed new techniques
- Researched new procedures & techniques to use in laboratory and production settings
- Safe disposal of biological waste material
- Kept exact, detailed records of entomology research data on insects
- Independently initiated action to resolve and correct technical difficulties and results
