To Whom it may concern,

The Tenney Lapham Neighborhood Association is sending a joint opinion asking that the Tenney Lapham Neighborhood Association be in a single district. We have worked closely with our Alder historically in a productive manner and we think that having multiple alders represent the neighborhood would hinder our capacity to work on projects with the City. We also think that the geographical area being kept intact would be important in relationship to our work on City Parks, Traffic and businesses.

Thank you
