*2022 Governor's Archives Award  
For Archival Innovation*

*Recipient*

*WRDA*

*Wisconsin Register of Deeds Association*

Each year the Wisconsin Historical Society's Board of Curators recognizes outstanding historical work that helps connect people to the past. The judging committee appreciated the work the WRDA has done to scan and index records for easy access and preservation, and the way that the uninterrupted access to land records during the COVID-19 pandemic illustrates how the WRDA's innovations throughout the years benefited the state.

On behalf of the Wisconsin Historical Society and the Board of Curators,  
Congratulations on this Achievement and Thank You for all you do to Collect,  
Preserve, and Share Wisconsin's History.
