Northpointe Development and DreamLane are proposing to construct the CC Lane-Oregon Apartments, a newly constructed sixty unit LIHTC multifamily development located on the far west side of the Village of Oregon, Wisconsin. The development will consist of the new construction of 1, three-story elevated building containing 26, one bedroom/one bathroom units, 19, two bedroom/two bathroom units, and 3, three bedroom/two bathroom units, as well as 2, two-story townhome style buildings consisting of 12, three bedroom/two bathroom units for a total of sixty rental units targeting residents of all ages. The Developer proposes to set aside all of the units for residents earning 30, 50, or 80 percent or less of the Dane County AMI using the LIHTC Program targeting residents of all ages. The subject development site is located on the west side of the Village of Oregon, Wisconsin, and approximately 1.3 miles northwest of the downtown Oregon area. Oregon is located approximately twelve miles south of downtown Madison, WI. More specifically, the site is located at 831 & 871 Oregon Center Drive. The majority of the roadways that border the subject site are lightly traveled roadways.

Oregon is considered a rural community by USDA however, has been experiencing a building boom much like many areas of Dane County recently. One of the contributing factors is that Oregon has one of the top school districts in the entire state. The project will be nearby the schools and it was very important for the project to target households with families that could benefit from Oregon's great school district. The site is located near many retail jobs and has easy access to HWY 14 and Fish Hatchery Road so tenants can get into Verona, Fitchburg, Madison, Stoughton within 10 minutes.

The project will be built to Wisconsin Green Built Standards and will also receive an Energy Star New Construction/ EPA Indoor AirPlus Certification. We are planning to have a 29 KW PV Solar System on the roof of the building which is the max size recommended when working with Alliant Energy. We intend to work with Focus on Energy and their Design Assistance program. The project will have high quality materials including LVT flooring and solid surface countertops.

The Village is moving Village Hall from Downtown to a property nearby our site and will be building a new library near the project next year.

The project will be rent restricted for a minimum of 35 years.

E. TARGETED POPULATIONS: Will the project serve any of the listed targeted populations? How many units will be targeted to designated populations?

The project will service Homeless, Vets, Vets experiencing homelessness, individuals with disabilities. 12 units will be set-aside specifically for homeless or those at risk of being homeless and 7 additional units specifically for Vets. 12 units will also meet universal design and targeted to households with disabilities. 12 units will be set-aside at 30% CMI and 12 units will have universal design features.

Another MOU has been signed with Dane County Vets office to provide services to the Vet households.

The site is close to the Library (new library being built near site) and many sports activities like the ice rink, soccer fields, baseball diamonds etc. The site has a very residential feel as it's near the Bergamont Neighborhood and it's surrounded by residential uses on three-sides and commercial uses across the street. The commercial uses included a restaurant and daycare. City Hall will be relocating into the bank building .2 miles away from the site next year which will provide tenants with easy access to municipal facilities and services.

PROJECT APPROACH

M. **PARTNERHIPS:** In the space below, provide information on any partnerships that have been or will be formed in order to ensure the success of the project.

Dreamlane and Northpointe have teamed up to co-develop the project. Dreamlane is an emerging Minority owned development firm building capacity in the affordable housing industry and Northpointe is an experience and established affordable housing development firm. Northpointe and Dreamlane plan to partner with LSS to be included in the ownership of the project and coordinate services to the project's homeless, physically disabled, and veterans. LSS, Northpointe, and DreamLane will own 51%, 25%, 24% of the managing member and all will have substantial involvement throughout the entire process including the 15-year compliance period. We have an executed MOU- Attached- with Lutheran Social Services regarding supportive services. LSS will provide staff to not only coordinate but also provide services directly to tenants as well.

We also intend to work with the County's HSC, Oregon Food Pantry (which is across the street from the project), and Joining Forces for Families.

CC Lane has also partnered with local Architects (Knothe and Bruce), Engineers (Vierbicher), GC (Connery), Property Manager (ACC), and Council (Reinhart). All have significant experience in the Dane County Market and LIHTC development.

- N. **PARTNERING TO END HOMELESSNESS:** In the space below, indicate the project's willingness to partner with the Homeless Services Consortium and its housing placement system to end homelessness for individuals and /or families on the community by-name list; and, if units are unable to be filled from the by-name list, to willingness to expand access to units to households qualifying as homeless under other federal statutes. If project will not implement an HSC preference on any project units, indicate how the proposed project will forward the goal of ending homelessness without the HSC preference.

The project is willing to partner with HSC and its housing placement system to end homelessness. The project will also set aside units for families on the community by-name list as well as follow all Fair Housing laws. The 12 30% units will have a preference for homeless households.

Total # of Project Units	# of Units Targeted to Individuals/Families on HSC community by-name list	% of Units Targeted to Individuals/Families on HSC community by name list
60	12	20%

Describe the process and anticipated timeline for outreach, application submittal, and tenant screening for HSC-set aside units.

4 months prior to occupancy we will start meeting weekly with the property manager, LSS, Dane County Veterans, and Dane County to discuss referrals, applications and screening. LSS and DCVA will coordinate with the property manager on which units are still available and send referrals. Those referrals will get assistance from LSS and DCVA to work through the application screening process. This process has worked well for our Limerick project which is currently being leased up and we expect to have all of the HSC units full prior to occupancy. On-going the property manager, LSS, and DCVA will stay in touch for when existing tenants move out and new referrals are needed.

Q. SUPPORTIVE SERVICES PLAN: Provide a detailed description of how supportive services will be secured for project tenants. Use the table below to provide details of how supportive services will be provided to tenants. The plan should note any differences between services targeted to units with the HSC preference and services that will be available building-wide. Attach a letter from the identified partner(s) confirming the details of the plan.

Name of Supportive Services Partner, and number of staff dedicated to project:	Lutheran Social Services with have one part time staff dedicated to this project as well as a supervisor providing oversight.
Scope of Services provided to tenants and approaches supportive service partner will use to address needs of tenant population:	Lutheran Social Services will utilize wraparound a service coordination model where families residing at the property, including Veterans and persons with disabilities, will be given a single point of entry to accessing community and supportive services. An on-site coordinator will meet with individuals and families to complete an intake assessment and develop a strength-based, goal-oriented plan of care. The service coordinator will work with the tenant and their surrounding existing natural supports, to build a comprehensive team, to explore areas of need, and fill gaps in supports where identified.
Where tenants will access services. For examples will services be on-site at development in designated space or by referral to off-site community supports:	LSS Staff will have a confidential space at the apartment community where tenants and families can schedule appointments or drop in for support and services. The Service Coordinator is also available by phone and email when offsite, to provide additional supports as needed during business hours.
If services provided are referral to off-site community supports, please detail how tenants will receive information on supportive services that are available to them before and after needs arise:	LSS Staff will work with the household to identify strengths and needs through an assessment tool. Based on this information, as well as self-reported data, the Service Coordinator will provide detailed information on services the household may qualify for and how to access them. The Service Coordinator can assist in establishing points of contact and arranging service delivery.
The frequency of services provided and/or a proposed schedule of when services are available to tenants:	LSS staff will have consistent office hours which will be posted in several spots in the apartment complex, including the community room and other common areas. If tenants are unavailable during these times the Service Coordinator can be available for appointments or via phone.
How the supportive services partnership will be funded, including if the respondent is providing funding to support the partnership:	The property has committed to provide \$3,500 to LSS annually for services. We continue to have conversations with LSS to look for other avenues to obtain financial resources for our partner.
Relevant performance data that provides insight into the supportive service partner's experience serving the target tenant population, and the outcomes for their tenants. Metrics could include the number of individuals served in a related program in a year, housing retention rates for individuals served in that program, connections to employment, etc:	LSS collects data on an ongoing basis utilizing our Evolv database. Currently LSS has 2700 residents enrolled in Service Coordination over 108 total housing sites. Within the last year LSS has provided 66,819 units of direct service and had 19,954 individual 1-1 interaction with 4017 individual residents. Additionally, residents utilizing a LSS Service Coordinator have an average length of stay of 5.33 years compared to just 3.96 years for those who do not to receive services.

<p>How the supportive services partner and the respondent will work together to ensure the best outcomes for tenants, such as housing retention:</p>	<p>Service Coordinator will also work with the Property Management team to identify alternative strategies to avoid a negative outcome with tenants. This would include identifying and coordinating natural and community supports to assist individuals in continuing placement in their residence.</p>

T. **PROPERTY MANAGEMENT:** Describe the experience and qualifications of the organization that will be handling the ongoing property management.

ACC Management Group, Inc. is a full-service property management firm dedicated to providing professional results-oriented services to its clients. ACC currently operates over 80 properties and 4500 apartments throughout Wisconsin's major markets and Illinois. Headquartered in Oshkosh, WI, ACC's exceptional team of multi-family leaders has a proven track record of excellence in management of affordable housing with various state and federal programs including, Section 42 Tax Credit, Section 8, and Section 515.

Commitment, trust, and reliability is the foundation of our relationships with residents, employees, and partners. Our team works hard to earn the loyalty needed to develop and retain the long-term relationships associated with our shared success.

There are over 100,000 apartments built each year with the use of Low-Income Housing Tax Credits (LIHTC). Over the years, the LIHTC program and other affordable housing programs have become increasingly competitive, and as a result, complex. Most developments with an affordable housing component have multiple layers of financing, each with associated requirements. This includes varying regulations, reporting, and oversight requirements for Section 42 LIHTC, Project Based Section 8, AHP, HOME, and Rural Development. It also includes new components such as preferences, new set asides, RAD and more. Adhering to program requirements during the first year, and each subsequent year during the regulatory period is essential to any successful affordable housing real estate development.

ACC Management Group has established a long history of extraordinary program compliance proven by superior ratings with state and federal agencies, such as WHEDA, IHDA, and HUD. ACC's experienced team of compliance professionals assist you through the initial stages of your development and the entire regulatory period for your property.

With combined affordable housing management experience of nearly 100 years, ACC's leadership team is well qualified to ensure compliance with all regulatory agreements and provide valuable input throughout the development process.

Annually, ACC participates in new affordable housing developments as the management agent and compliance expert. ACC's leadership team typically becomes involved 12-18 months prior to the expected completion date. We offer our clients a fresh perspective on building design, staffing needs, market trends, and much more. As the completion date approaches, ACC's efforts increase and all hands are on deck for the lease-up of the new development. All applicants are qualified and the development is typically fully leased within 30 – 90 days of the completion date with full compliance of all regulatory agreements.

Most recently, ACC has assisted developers transition multiple properties from Public Housing to Section 8 housing through HUD's RAD program.

If a Property Manager has yet to be identified, please describe how one will be selected.

PROJECT FINANCING

U. **BUDGET SUMMARY:** Indicate the sources and uses of all funds for this project.

The County requires that the developer defer 40% of the developer fee as a financing source. If the sources and uses for a project indicate that less than 40% of the developer fee has been deferred,

the amount requested will be reduced by the difference between the percentage of the developer fee deferred and 40%

For example: Assume the developer fee is \$1,000,000 and \$350,000, or 35% of the fee is deferred. Also assume the request for county funding is \$500,000. The actual award would be reduced by \$50,000 and the project would receive an award of \$450,000, if selected.

V. Which of the identified sources have been secured?

The Village of Oregon has committed their affordable housing funds. WHEDA perm, Sub debt and, federal tax credits are available at any time. We have applied for AHP and expect to hear back from FHBLC in October.

W. If the project will be applying for tax credits, please indicate which applications will be submitted (e.g. 4%, 9%, senior), the proposed timeline for submittal.

We expect to apply for WHEDA 4% State tax credits in December.

X. **FUNDS NEEDED:** In the space below, please describe why AHDF funds are needed to ensure the viability of this project.

Dreamlane and Northpointe have recently started construction on a similar projects to the proposed (same materials, green features, finishes, and amenities) in McFarland, Verona, Madison WI. We have a good understanding on the costs associated with a project of this size. Costs have risen significantly over the past 18 months and interest rates for WHEDA tax exempt bonds have gone from 4.17% (as locked in December 2021) to 6% as underwritten. This increase in rates has significantly reduced the amount of debt the project can carry increasing the gap. As a community, Oregon is at a disadvantage from Madison, Milwaukee and other Cities because they are no longer considered Rural by WHEDA and do not have public transportation which greatly reduces their competitiveness for general 9% credits. However, there are many facets of Oregon which make it a great area for affordable housing and inclusivity. Oregon has a great school district, access to jobs, and a majority of Oregon is in areas of high-median income.

According to the Dane County Housing Needs Assessment, Oregon saw substantial growth in low to moderate income households over the past 10 years along with the highest percentage growth in rent burdened households at or below 30% of CMI. So there is an extreme need for all affordable units but especially the 30% units. The Dane County funds reduce the projects GAP and allows us to provide support services, green features, and long term affordability. Lastly, the funds allow us to increase the competitiveness of our LIHTC application. We applied for credits in 2022 and WHEDA

held back a significant amount of tax credits, and only funded one project out of their small urban set-aside. We don't know if WHEDA intends to fund the remaining credits in 2022 or if they will carry over to 2023. We believe that our project would have been very competitive for credits if WHEDA would have fully allocated credits.

Lastly, we plan to have 12 townhomes and 15 total three bedrooms (25% of total units) for large families which are greatly needed in Dane County but are much more expensive than smaller apartment units.

RE: CC- Lane Apartments

Dear Mr. O'Brien,

This letter serves as evidence of ACC Management's commitment to serve as the Property Management agent for CC- Lane Apartments, a 60-unit affordable multifamily property located in Oregon, WI. Northpointe Development plans to apply for competitive Housing Tax Credits in December of 2022. If awarded tax credits they plan to start construction in the Fall of 2023. ACC has significant experience in managing high-quality affordable housing projects throughout Wisconsin and has partnered with Northpointe on similar developments to-date.

ACC's role in this development will be to serve as the third-party Property Manager. While most property management firms take over when the project is complete, ACC is involved throughout the development process, providing valuable input to the design and development team on such issues as market-oriented amenities, desirable unit layouts and compliance-oriented design issues. ACC will market the property during construction and will manage all aspects of property management and programmatic compliance in the long term. This includes but is not limited to: establishing a tenant selection plan, waiting list, completing all aspects of the resident application process and resident screening, communicating with service providers assisting in supportive housing units, and maintaining the building.

ACC further acknowledges that they are aware and assisted Northpointe with the application's selections to Dane County's Fair Tenant Selection Criteria and have attached the Tenant Selection Plan for the property. We also are aware of Northpointe's commitment to Dane County's Tenancy Addendum as part of their funding application. We have reviewed specifics of the addendum and will include these requirements as part of our lease documents and house rules. Many of the criteria are already part of our standards.

If there are any questions regarding ACC's role as Property Manager or commitment to the County's requirements, please feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "CH Hand", written over a light blue horizontal line.

LUTHERAN SOCIAL SERVICES

Date 7.12.22

Lutheran Social Services (LSS) has a strong history of providing wraparound service coordination and case management services to residents of housing complexes in numerous locations throughout Wisconsin and Upper Michigan, and is recognized as a provider of choice in the state for partnering with development companies to develop supportive services within affordable housing.

Lutheran Social Services will utilize wraparound a service coordination model where families residing at CC Lane Apartments, including Veterans, will be given a single point of entry to accessing community and supportive services. An on-site coordinator will meet with individuals and families to complete an intake assessment and develop a strength-based, goal oriented plan of care. The service coordinator will work with the tenant and their surrounding existing natural supports, to build a comprehensive team, to explore areas of need, and fill gaps in supports where identified.

Scope of Services:

LSS will provide wraparound service provision and coordination, linking residents to supportive community services with a desired outcome of keeping the tenant and family members in stable housing. Specific services offered by LSS include:

- Completion of an intake assessment to identify strengths as well as areas of need for individuals and families. The Service Coordinator will make reasonable effort to engage residents in this process. It is understood and agreed that the resident has to voluntarily agree to participate in the process.
- Development of a case management plan for residents completing the intake assessment. This plan may include referral to other resources, including services and resources specific to their needs. This will include linking residents with programs that support independence and self-sufficiency, access to benefits, employment opportunities and financial assistance and management.
- The LSS Wraparound Service Coordinator will facilitate programming and supportive services for families. This will be done through:
 - An onsite presence by the Service Coordinator. LSS Staff will have a confidential space at the apartment community where tenants and families can schedule appointments or drop in for support and services. The Service Coordinator is also available by phone and email when offsite, to provide additional supports as needed, during business hours.
 - Facilitation of educational presentations and workshops. These will be based on the needs of the residents and can focus on resident identified issues such as positive parenting, budgeting, employment, educational resources, and benefit eligibility.
 - Connection to existing LSS services in the Madison area, including but not limited to, mental health counseling and psychiatric care through telehealth.

In addition to providing families access to LSS services the onsite wraparound service coordinator will refer residents to other community resources based on their individual plan of care. Currently LSS is in the process of developing community partnerships with the following:

- State of Wisconsin Department of Workforce Development, in coordination with the Job Centers of Wisconsin, to provide subsidized part-time work experience to obtain the skills necessary for obtaining permanent employment.
- UW Extension Dane County will provide onsite trainings and educational events of no cost to families. Training topics could include:
 - Financial coaching and one to one consultations
 - Nutritional education programs on topics such as choosing healthy diets on a limited budget and shopping strategies for spending wisely at the grocery store
- Dane County Veteran Services who can assist veterans and their families with obtaining local, state and federal benefits. Veterans Services also could assist tenants with the application process.
- Wisconsin Women's Business Initiative Corporation (WWBIC) has partnered with LSS to provide group training and events that focus on assisting tenants with managing household finances and increasing financial capabilities.

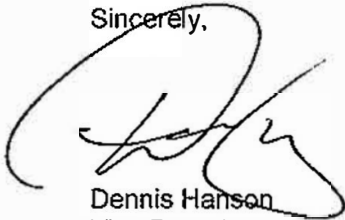

The goal of the Service Coordinator is to enhance the success of Veteran residents, and families experiencing homelessness, and to promote their independence and ability to remain in their unit. The services identified above will enhance independent living success and promote dignity of residents by addressing needs through a person specific approach.

LSS is a member and attends the Dane County Continuum of Care meetings, and currently operates several Rapid Rehousing programs in Dane County. In addition, LSS currently operates three Veterans Housing and Recovery Programs within the state of Wisconsin, for homeless veterans to receive the job training, education, counseling and rehabilitative services they need to obtain steady employment, affordable housing and the skills to sustain a productive lifestyle. LSS provides wrap around Service Coordination at other sites in the Madison area, and are familiar with the supports in the community to serve Veterans and individuals and families experiencing homelessness.

In addition to services outlined above LSS will assist property management in outreach efforts with community partners to raise awareness of this unique opportunity for Veterans and families at risk or experiencing homelessness. LSS will work with the management company to market the low-income units to families in need.

We strongly believe that through provision of the wrap around service model, families at CC Lane Apartments will have the tools necessary to strengthen family relations, identify necessary and beneficial resources, and positively impact their length of tenancy in this community. We look forward to partnering with Northpointe Development on this exciting development.
