Minutes - Draft

Emergency Medical Services Commission

Consider:

Who benefits? Who is burdened?

Who does not have a voice at the table?

How can policymakers mitigate unintended consequences?

C. Discussion Items

2022 Data Overview - Anderson

Anderson presents 2022 EMS data and compares it to previous years. He also present the Dane County EMS High-Performance CPR Summary.

CARES Expansion

Chief Stedman shares with the committee the various way the CARES program will be expanding in 2023, including weekend coverage and new positions. There is interest from several parties on whether this program can be implemented countywide. There is agreement that most jurisdictions would not be able to individually support there own programs; the parties involved in CARES agree that a centralized county-run program will work best and they continue to look at ways for this to be implemented. Data overall for the CARES program shows success in reducing the amount of transports for mental health and wellness check patients, and a significant decrease in contact with law enforcement for these individuals.

Marshall/Sun Prairie Consolidation

Marshall EMS was officially dissolved on January 1st and Sun Prairie EMS has taken over their district. Meier and Kronenfeld recognize the dedication by former director Allain and the Marshall EMS members that kept the agency staffed until its dissolution. Meier will work with Supervisors McCarville and Doolan on creating a resolution to recognize Marshall EMS and their members.

2023 Annual Report

Ideas for the 2023 Annual Report include: EMS Data; Expansion of Dane County mental health response; increase in respiratory emergencies from 2022; HPCPR/hands-only CPR training; suggestions for what jurisdictions can do regarding AED placement and CPR training; future of the new Opiate Prevention Specialist position in DCEM.

D. Presentations
