To Dane County Board,

The National Guard/Air Force should not be relieved of their liability for chemical pollution, crashes and loss of life. If they are not held responsible for clean up of chemical pollution, who is? The local government with its limited funds?

I urge you to take out the clause giving indemnity to the National Guard/Air Force. Giving use of the airport in exchange for fire fighting is a sweet deal for the military. I don't approve of that either because of the destruction of neighborhoods on East side.

Sincerely,
Marian Celesnik
