

1  
2  
3 REAUTHORIZATION OF DANE COUNTY'S  
4 SELF-INSURED WORKER'S COMPENSATION PROGRAM  
5 & PURCHASE OF EXCESS WORKER'S COMPENSATION COVERAGE  
6

7 The Wisconsin Worker's Compensation Act ("the Act") requires all Wisconsin employers  
8 to either purchase Worker's Compensation insurance or be self-insured (and thereby assume  
9 the responsibility for Worker's Compensation risk and payment without an insurance policy).

10  
11 In compliance with Wisconsin Administrative Code DWD 80.60(3), the Dane County  
12 Board of Supervisors approves the continuation of the self-insured Worker's Compensation  
13 program currently in effect. Dane County will continue to report faithfully all compensable  
14 injuries to the Wisconsin Department of Workforce Development ("DWD") and will continue to  
15 comply with the Act and all applicable DWD rules.

16  
17 Dane County transfers some of the risk of operating its self-insured Worker's  
18 Compensation program by purchasing excess Worker's Compensation insurance.

19  
20 NOW, THEREFORE, BE IT RESOLVED that the County Controller is authorized to pay  
21 the premiums and deductibles associated with this coverage. The specific amount for this  
22 policy is provided in the adopted 2020 budget.
