Dane County has established a standard for preserving the rural character of the less inhabited parts of the county. Commercial zoning in rural residential districts has detrimental/negative affects on the rural character of the farmland/rural nature of the neighborhood. We oppose LC zoning on proposed lot 2 (pl2) for the following reasons: 1) LC zoning can bring signage, lights, noise, and additional traffic to this rustic road with no shoulder and rolling topography - affecting the quality of life for residents of Carter Rd. 2) Additional structures. Mr. Lane indicated no further buildings can be constructed or additions added to pl2. He indicated that a deed restriction should be placed on pl2 to prohibit residential housing - we support a deed restriction 3) Outdoor storage of any kind on pl2. Currently there are four lots (3 houses), within eyesite of pl2, that are under deed restriction for no outdoor storage. Allowing outdoor storage on pl2 decreases the rural character, quality of life, and property value of the neighboring properties.

We understand that, according to the town plan, there is a 2 acre maximum lot size. However, it also states that if there are reasons for an increase in the lot size, the town plan allows for it. There is a gas line that runs through the property, we're trying to avoid any problems with.

As the Vice-President of Employee Group 1871, Dane County Professional Employees, I would like to register in support the proposed ZLR Operating Budget amendments dated 10/27/2020 on tonight's agenda. I understand that, at the last ZLR meeting, there were questions about the floodplain outreach line that is proposed for reduction. I am also the lead staff on that particular project, and I am available to answer questions about how we would complete that project, even with reduced funding.
