

4 **General Principle**

5
6 The state shall foster equitable and inclusive opportunities for all state
7 residents by supporting and funding proactive, evidence-based programs
8 and policies that advance the elimination of racial and socio-economic
9 disparities and recognize the unique role counties play in administering state
10 programs by:

- 11
12 1. Fairly sharing responsibility with the counties in determining the scope, design,
13 and cost of statewide programs;
14 2. Providing adequate and predictable shares of funding for state services
15 delivered by the counties;
16 3. Helping counties reduce the need to rely on property taxes; and
17 4. Enhancing the ability of counties to more effectively manage county
18 government.

19
20 In furthering these principles Dane County will assess policies via an analysis
21 that asks:

- 22 Who benefits?
23 Who is burdened?
24 Who does not have a voice at the table?
25 How can policymakers mitigate unintended consequences?

46 collaboration with affected parties, including dam operators, municipalities and
47 regulatory agencies toward improving natural hydrologic conditions and habitat.
48 To address recent flooding, support efforts to manage the Yahara Chain of
49 Lakes, improve the volume of water leaving the Yahara River system, reduce
50 stormwater runoff volumes through increased stormwater infiltration and better
51 management of stormwater on impervious surfaces.
