

2016 RES-057

AUTHORIZATION TO INCREASE CHANGE FUNDS FOR THE DANE COUNTY
LANDFILL

The Dane County Solid Waste Division currently maintains change funds of \$250.00 for the Clean Sweep program and Landfill scale operations. The amount of money allocated for these change funds is no longer adequate for the volume of customers served. The Public Works Department is requesting that the change funds be increased by \$250.00 providing a total change fund of \$500.00.

NOW, THEREFORE BE IT RESOLVED that the Dane County Solid Waste Division be allowed to increase the change bag by \$250.00 to \$500.00 for the Clean Sweep program and Landfill Scale operations.

BE IT FINALLY RESOLVED, that the Controller be authorized to issue a check to the Solid Waste Division for the increase authorized by this resolution.
