Policy Analysis Statement:

Brief Description of Proposal -

The Dane County Urban Water Quality Grant Program was included in the 2014 County Budget to improve the quality of urban stormwater runoff entering Dane County lakes, rivers and streams, increase public awareness of urban water quality issues, and provide public education for urban stormwater quality improvement practices. The Land & Water Resources Department recommends projects from Village of DeForest, City of Middleton & Monona.

Current Policy or Practice -

Grant awards require County Board approval.

Impact of Adopting Proposal -

The project goals are to be achieved through the construction of best management practices that will provide efficient, cost-effective treatment of urban runoff. The grant awards are contingent on the County and project sponsor entering into a grant agreement that will specify the program requirements and applicable grant conditions for each project. The grant awards total \$576,365 and the funds are currently available in the 2014 Legacy Fund.
