**Subject:** Comments re: Proposed Dog Daycare at 3440 Meadow Road, Middleton, WI

To whom it may concern:

We are writing in opposition to a proposed dog kennel and daycare at 3440 Meadow Road, Middleton WI. Our main concern is the amount of traffic this will bring to the Valley View. Since the expansion of homes in the area, the number of cars has increased quite a lot. Valley View, Pioneer and Meadow View are frequented by pedestrians and cyclists. Valley View itself has a blind hill. Increasing further the traffic on both roads without what seems like a plan for expansion of the roads poses a greater risk to the pedestrians and cyclists. I would be opposed to any business that would increase the amount of vehicles on these roads for the safety of everyone.

Thank you for accepting this comment.
