Re: Second Extension of 90-day Timeframe Under Wis. Stat. § 66.0404  
Current Deadline: March 28, 2023  
New Deadline: April 25, 2023  
Site Address: 3486 County Highway MN  
County CUP No. 2583

Dear Mr. Allan:

With respect to the above-referenced application, state law prescribes that a time period of 90 days from the date the Applicants filed the application, plus the number of days it took the Applicants to respond to a timely notice of incomplete application, if any, for the County to review the application, make a final decision, and provided the applicant of notice of its final decision in writing, unless the time period to act is extended by mutual written agreement between the County and the Applicants.

The Applicants submitted this application on December 7, 2022. The County notified the Applicants that the application was incomplete on December 19, 2022, and the Applicants provided supplemental information. The County deemed the application complete on December 22, 2022. The initial time period for the County to review and issue a decision on the application was set to expire on March 22, 2023; however, by letter agreement dated and signed by the parties on March 14, 2023, the deadline was extended to March 28, 2023.

The Applicants and the County agree to again extend the applicable 90-day period for the County to act on the application as set forth in this letter. When countersigned, this letter will

confirm agreement between the County and the Applicants to extend the applicable time for review under Wis. Stat. § 66.0404 to and including April 25, 2023, which we understand is a regularly scheduled meeting of the County's Zoning and Land Regulation Committee. The parties further agree that no limitations period for any claim related to the timing of the County's processing the application shall commence to run before April 25, 2023.

To confirm the County's agreement, please countersign below and return this letter to me. Thank you.

Respectfully,

HUSCH BLACKWELL LLP
