Minutes - Final Unless Amended by Committee

Emergency Medical Services Commission

Consider:

Who benefits? Who is burdened?

Who does not have a voice at the table?

How can policymakers mitigate unintended consequences?

The minutes were approved.

C. Discussion Items

CARES Update

Expansion into Sun Prairie will not go into effect until resolutions are approved. Looking at 2nd-3rd week of December for CARES to expand to City of Sun Prairie.

Budget Update

DCEMS request for funds to cover entire cost of data system for EMS agencies has been approved and budget finalized.

Cambridge EMS Update

Update on what the municipalities in that district are deciding on for EMS and Fire service: Ryan Bros and Fort Atkinson Fire will be covering Town of Oakland calls. Nothing yet on what Village of Cambridge will be doing, but meetings continue.

Middleton & Waunakee Area EMS Update

City of Middleton EMS and Waunakee Area EMS commissioned a study with the Wisconsin Policy Forum on reducing future costs. Looking at potential merger and cost/cost savings that would result from combining or sharing services. It is currently in the final stages and the official report should be finalized by mid-December. Once report is received, will take back to individual commissions and municipalities. Will hopefully have more information for Commission in January.

Maintenance of Effort Update

Last state budget included increased shared revenue to counties and municipalities. One of the conditions attached is that municipalities can't cut funding to EMS. Municipal Clerks will have to submit proof to Department of Revenue.

Group Purchasing Research

Have not been able to discuss at an EMS Chiefs meeting to brainstorm areas for support yet. Language Line has been implemented for all EMS agencies.

Proposed EMT Curriculum Changes

DHS received a lot of feedback during the open comment forum for the proposed changes. DHS will go through the information and go forward as they're able. Initially, new curriculum was thought to be implemented fall of 2026. There are several next steps that still need to happen, so no information is definitive yet. Madison College has laid out some sequencing options/ideas for if and when this new curriculum is implemented. There has been push back on the increase in hours for EMT basic and is being seen as a deterrent to getting more EMTs licensed.

D. Presentations

E. Reports to Committee

Dan Williams went to Seattle to discuss what Dane County has been doing to increase cardiac arrest survival. Received a lot of good feedback and potential areas for improvement.

MAS Update

December meeting will be cancelled; January meeting will be about EMS protocols.
