Case No.: 18-05-3131P

Ms. Sharon Corrigan
District 26 Supervisor
City County Building, Room 421
210 Martin Luther King Jr. Boulevard
Madison, WI 53703

Community Name: Dane County, WI
Community No.: 550077
FIRM Panel Affected: 55025C0461H

116

Dear Supervisor Corrigan:

In a Letter of Map Revision (LOMR) dated June 14, 2019, you were notified of proposed flood hazard determinations affecting the Flood Insurance Rate Map (FIRM) for the Unincorporated Areas of Dane County, Wisconsin. These determinations were for Door Creek - from Hope Road to approximately 1,000 feet upstream of Hope Road. The 90-day appeal period that was initiated on, June 26, 2019 when the Department of Homeland Security's Federal Emergency Management Agency (FEMA) published a notice of proposed Flood Hazard Determinations in *The Wisconsin State Journal* has elapsed.

FEMA received no valid requests for changes to the modified flood hazard information. Therefore, the modified flood hazard information for your community that became effective on October 24, 2019, remains valid and revises the FIRM that was in effect prior to that date.

The modifications are pursuant to Section 206 of the Flood Disaster Protection Act of 1973 (Public Law 93-234) and are in accordance with the National Flood Insurance Act of 1968, as amended (Title XIII of the Housing and Urban Development Act of 1968, Public Law 90-448), 42 U.S.C. 4001-4128, and 44 CFR Part 65. The community number(s) and suffix code(s) are unaffected by this revision. The community number and appropriate suffix code as shown above will be used by the National Flood Insurance Program (NFIP) for all flood insurance policies and renewals issued for your community.

FEMA has developed criteria for floodplain management as required under the above-mentioned Acts of 1968 and 1973. To continue participation in the NFIP, your community must use the modified flood hazard information to carry out the floodplain management regulations for the NFIP. The modified flood hazard information will also be used to calculate the appropriate flood insurance premium rates for all new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

If you have any questions regarding the necessary floodplain management measures for your community or the NFIP in general, please contact the Mitigation Division Director, FEMA Region V, in Chicago, Illinois, either by telephone at (312) 408-5500, or in writing at 536 South Clark Street, Sixth Floor, Chicago, Illinois 60605.

If you have any questions regarding the LOMR, the proposed flood hazard determinations, or mapping issues in general, please call the FEMA Map Information eXchange, toll free, at (877) 336-2627 (877-FEMA MAP).

Sincerely,

Patrick "Rick" F. Sacbibit, P.E., Branch Chief
