

Racial Equity: Discussion of Potential Data Requests

CJC Racial Disparities Subcommittee
Presented by Colleen Clark Bernhardt

August 11

CJC Dashboards

CJC Dashboards on the data and dashboard site have various categories broken down by race, gender, age:

[Data and Dashboards | Dane County Community Justice Council](#)

CJC dashboards have been developed over time thanks to the data sharing agreements with data owners, and large administrative data sets.

Moving Forward

- Are there data requests around racial disparities in the criminal justice system from the CJC-Racial Disparities subcommittee that are currently not covered in the CJC Dashboards?
- Are there cohorts of different ages groups, offense categories, and/or sub-cohorts over time that the CJC Racial Disparities subcommittee is interested in researching?

Next Steps:

Continued conversation around data indicators and semi-annual report of selected indicators.

Ongoing research by Office of Justice Reform around semi-annual disparity gap analysis.

Office of Justice Reform staff will provide draft templates for CJC-Racial Disparities considerations.

Thought partners welcomed! Please reach out to join a data workgroup around racial disparities.

Thank you!
