

## **Update/clarification on proposal of charging Dane County inmates rent September 2019**

As per Chief Deputy Jeff Hook, there is no proposal from Dane County Sheriff Department (DCSD). They have two charges that someone may call rent.

One is a daily fee for electronic monitoring. If the person is housed at their home and on a monitoring bracelet we charge them the daily cost of the bracelet.

Second, if someone is housed in the jail and they have Huber Privileges they do pay a Huber fee.
