| Short Description of Goods/Services | Stalling Pieces for Animal Housing in the Pavilions | Total Cost | \$394,866.85 | | |
| Vendor Name | Priefert | MUNIS # | 22512 | Req # | 834 |
| Purchasing Officer | Pete Patten | Date | December 23, 2024 | | |
| Department | Alliant Energy Center | Email | scheibler.kevin@alliantenergycenter.com | | |
| Name | Kevin Scheibler | Phone | 608-267-3982 | | |

A VENDOR QUOTE MUST BE ATTACHED TO THE WAIVER FOR APPROVAL

Provide a detailed description of the goods/services intended to be purchased:

After the Pavilions were constructed in 2013, the Alliant Energy Center was in need of new stalling to set up horse, cow and other stall areas for the animals that are shown on campus. The new buildings provided more space for animal stalls and a different configuration than the facility had in the past. This stalling allowed the new Pavilions to be used to their full capacity by a variety of different types of animals in a variety of configurations. The Alliant Energy Center's ability to be flexible in the ways we use the Pavilions helps to market the buildings to a wide range of groups, increasing the number of shows and revenue for the buildings.

Bid Waiver Form

Revised 01/2024

Procurement Exception List

- Emergency Procurement
- Unique and specific technical qualifications are required
- A special adaptation for a special purpose is required
- A unique or opportune buying condition exists
- Only one vendor possesses the unique and singularly available ability to meet the Department's requirements

Provide a detailed explanation as to why the competitive bidding (RFB/RFP) process cannot be used. Also provide a detailed justification in relation to the Procurement Exception(s) chosen:

In 2013, Priefert was selected as the vendor to provide the stalling for the Pavilions. The initial purchase was over one million dollars. At this time, the Alliant Energy Center needs additional stalling to replace some of the aging/damaged pieces and to augment the current inventory to meet show needs. The new stalling needs to match the old stalling so all components can work together. Priefert sells proprietary stalling so they are the only company who can provide additions to the AEC's stalling inventory.

The Alliant Energy Center is requesting this bid waiver to augment the current inventory and maintain readiness to provide stalling for shows. Funds are available in CPAEC 51137.

Bid Waiver Approval (For Purchasing Use Only)

Under \$44,000 (Controller)

\$44,000+ (Personnel & Finance Committee)
