		Community Service-TBD	\$75,000
Intent/Justification			
<p>This program will add community service as an option for judges to use at sentencing in lieu of jail days or fines and will add to the continuum of diversion services in the County. The only similar option for adults currently is a community service program in the jail that reduces the number of jail days served, but offenders are still serving their sentence in jail. The head of the following organizations will appoint one member to a steering committee: Judiciary; County Board; District Attorney's Office; Public Defender's Office; Human Services; Dane County Sheriff's Department; and Clerk of Courts. The committee will provide guidance to the program that will be delivered through a community-based agency. It is anticipated that 100-150 offenders will be served and the target group will be primarily young adults.</p>

Motion: (revenue/expenditure/text effect)	move to increase expenditures and revenue by \$96,400 to continue a 1.0 FTE Pre-Trial Services Analyst project position and fund a .50 FTE LTE position in the Clerk of Courts - ATIP program. This reflects funding from the Laura and John Arnold Foundation to implement a Pretrial Services Assessment tool at initial appearance. 2016 RES-318 is pending County Board approval creating this position in 2016. This amendment adjusts expenditures and revenues for the 2017 budget. The position is contingent on outside revenue. This grant continues for a 21 month period until October 2018. These amounts reflect the impact for 2017. The 2018 amounts will be budgeted at that time.		
Program Effect:	The Laura and John Arnold Foundation grant revenue allows the implementation of the Pretrial Services Assessment pilot program via the hiring of a 1.0 project position and a .5 LTE for the 21-month study period. As part of this initiative, Harvard University will study the impact of use of the assessment compared to the status quo approach.
