The only similar option for adults currently is a community service program in the jail that reduces the number of jail days served, but offenders are still serving their sentence in jail. The head of the following organizations will appoint one member to a steering committee: Judiciary; County Board; District Attorney's Office; Public Defender's Office; Human Services; Dane County Sheriff's Department; and Clerk of Courts. The committee will provide guidance to the program that will be delivered through a community-based agency. It is anticipated that 100-150 offenders will be served and the target group will be primarily young adults.</p>

<p>Funding currently comes from OAA/Title III B monies. However, state and federal dollars available to provide services on behalf of the aged population have been constantly held without increase as compared with prior years or even reduced. The current budget covers two .63 FTE program specialist positions, program supplies, travel reimbursement, and other operating expenses. These two positions contracted to North/Eastside Senior Coalition, cover the entire County, and have been part-time since the program's inception in 1975.</p> <p>Dane County continues to experience an increase in racial-minority population (over 13% according to the 2010 Census Data.) The three leading minorities age 65+ represented in Dane County continue to be Latino, Asian/Hmong, and African American. This funding will provide services to 200 additional African American and Latino seniors; continue falls prevention exercise classes; and a caregiver support group will be established for African American senior adults.</p>
