7

8

After every census, the County Board adopts a redistricting plan which establishes supervisory districts with nearly equal populations. From time to time thereafter there occur annexations, some of which place affected residents of the annexed lands in the position of voting for different supervisors than do other persons residing in adjacent lands of the annexing municipality. These changes will be reflected for the November 2014 election. Each change has been adopted by ordinance by the the annexing community.
