CONDITIONS:

Standard Conditions for all Conditional Use Permits

1. The physical development and operation of the conditional use must conform, in all respects, to the approved site plan, operation plan and phasing plan.
2. New and existing buildings proposed to house a conditional use must be constructed and maintained to meet current requirements of applicable sections of Wisconsin Commercial Building Code or Uniform Dwelling Code.
3. The applicant shall apply for, receive and maintain all other legally required and applicable local, county, state and federal permits. Copies of approved permits or other evidence of compliance will be provided to the county zoning administrator upon request.
4. Any ongoing business operation must obtain and continue to meet all legally required and applicable local, county, state and federal licensing requirements. Copies of approved licenses or other evidence of compliance will be provided to the county zoning administrator upon request.

5. Existing onsite wastewater sewage disposal systems, if any, serving the conditional use must be inspected by a licensed plumber to determine its suitability for the proposed or expanded use. Deficient systems must be brought, at the owner's expense, into full compliance with the current requirements for new development of the state plumbing code and Chapter 46 Dane County Code.
6. All vehicles and equipment must access the site only at approved locations identified in the site plan and operations plan.
7. Off-street parking and circulation must be provided, consistent with s. 10.102(8) of County Ordinances.
8. If Dane County Highway Transportation and Public Works Department or the town engineer determine that road intersection improvements are necessary to safely accommodate the conditional use, the cost of such improvements shall be borne by the landowner. Costs borne by the landowner shall be proportional to the incremental increase in traffic associated with the proposed conditional use.
9. The County Zoning Administrator or designee may enter the premises of operation in order to inspect those premises and to ascertain compliance with these conditions or investigate an alleged violation. Zoning staff conducting inspections or investigations will comply with any applicable workplace safety rules or standards for the site.
10. The owner must post, in a prominent public place and in a form approved by the county zoning administrator, a placard with the approval of the Conditional Use Permit number, the nature of the operation, name and contact information for the operator, and contact information for the Dane County Zoning Division.
11. The owner or operator must keep a copy of the conditional use permit, including the list of all conditions, on the site, available for inspection to the public during business hours.
12. Failure to comply with any imposed conditions, or to pay reasonable county costs of investigation or enforcement of sustained violations, may be grounds for revocation of the conditional use permit. The holder of a conditional use permit shall be given reasonable opportunity to correct any violations prior to revocation.
13. If any use allowed by an approved conditional use permit is not commenced within one year of issuance of the permit or is abandoned for one year or more, the associated conditional use permit shall be terminated. Future re-establishment of an abandoned conditional use shall require approval of a new conditional use permit.

Conditions Unique to CUP 2609

14. All equipment to be stored in the transport (down) position.
15. The landowner is responsible for obtaining site plan approval per the Town's Chapter 12 Design Review process. Exterior lighting, landscaping, and screening shall comply with the Town of Cottage Grove Chapter 12 ordinance requirements.

Evidence of compliance with Dane County stormwater management regulations shall be required prior to development, including arrangements for ongoing maintenance of the regional stormwater facilities.
17. This CUP shall become effective only upon Rezone petition 11964 becoming effective to modify the current deed restriction.
18. The outdoor storage area shall be screened with a combination of fencing and landscaping, to the satisfaction of the Town of Cottage Grove.

THE ZONING AND LAND REGULATION COMMITTEE AFTER PUBLIC HEARING AND IN THEIR CONSIDERATION OF THE CONDITIONAL USE PERMIT MADE THE FOLLOWING FINDINGS OF FACT:

1. That the establishment, maintenance and operation of the proposed conditional use will not be detrimental to or endanger the public health, safety, morals comfort or general welfare.
2. That the uses, values, and enjoyment of other property in the neighborhood for purposes already permitted will not be substantially impaired or diminished by the establishment, maintenance, and operation of the proposed conditional use.
3. That the establishment of the proposed conditional use will not impede the normal and orderly development and improvement of the surrounding property for uses permitted in the district.
4. That adequate utilities, access roads, drainage and other necessary site improvements will be made.
5. That adequate measures will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets.
6. That the proposed conditional use does conform to all applicable regulations of the district in which it is proposed to be located.
7. The proposed conditional use is consistent with adopted Town and County Comprehensive Plans.
8. If located in the Farmland Preservation (FP) area, the conditional use meets the necessary findings to be located in the district as per Dane County Code of Ordinances Section 10.220.
