**2021 RES-106**

**AUTHORIZING THE PURCHASE OF WATER SOFTENERS FOR BADGER PRAIRIE  
HEALTH CARE CENTER  
DCDHS – BPHCC DIVISION**

The water softeners at Badger Prairie Health Care Center (BPHCC) were scheduled to be replaced with the 2022 budget. Recently, the repair expenses have exceeded the return on investment. The repairs are made without obtaining confidence that the existing system will continue to perform without additional repairs necessary.

Capital funding of \$23,600 is required to purchase and install water softeners for BPHCC. Funding is available through BPHCCAPP 57739 LED Lighting Upgrades to purchase water softeners.

**NOW, THEREFORE, BE IT RESOLVED** that \$23,600 be transferred into a new capital budget account line (BPHCCAPP NEW) Water Softeners; and

**BE IT FURTHER RESOLVED** that budget account lines be adjusted in the 2021 Budget to fund water softeners at BPHCC as follows:

Decrease	BPHCCAPP 57739	LED Lighting Upgrades	(\$23,600)
Increase	BPHCCAPP NEW	Water Softeners	\$23,600
