We received notice of Joint Public Hearing for CUP 2509.

I would like to speak on the proposal, please provide a registration slip.

What is the difference for submitting any written testimony?

I would like to see a map presented that includes all of the property on the opposite side of the proposed extraction site.

This would be the property in James O Notstad Living Trust and Notstad Trust, located North of Church Road and East of Interstate I-39.

Is this something that would be available, or I have to provide? Similar to what I have attached.

Please advise.

Thank you,
