

Board of Health for Madison and Dane County
Resolution #2024 – 03

Authorization to Accept Funds from the Council for State and Territorial Epidemiologists for the Data Science Team Training Program

Public Health Madison and Dane County (PHMDC) proposes the acceptance \$2,400 from the Council for State and Territorial Epidemiologists (CSTE). The funds are accessible to participants of CSTE's Data Science Team Training program—a competitive program that a cohort of PHMDC employees participated in, with the project of building the PHMDC Respiratory Illness dashboard. The CSTE funds are permitted to be used for training and initiatives related to the dissemination of developed data projects. The \$2,400 was used on December 29th, 2023 to promote search engine optimization in support of the PHMDC dashboard, via the services of Commando, LLC. Per CSTE reimbursement policy, PHMDC program funds were used to make the purchase and PHMDC has submitted for reimbursement.

NOW THEREFORE BE IT RESOLVED, that the Board of Health for Madison and Dane County on behalf of Public Health Madison and Dane County authorizes the Director of Public Health, or their designee, to accept the funding reimbursement and adjust the 2023 Public Health budget in the amount of \$2,400.
