SUB ____ to 2018 RES-474 (PROPOSED-CORRIGAN)
2019-2021 DANE COUNTY LEGISLATIVE AGENDA

General Principle

The state shall foster equitable and inclusive opportunities for all state residents by supporting and funding proactive, evidence-based programs and policies that advance the elimination of racial and socio-economic disparities and recognize the unique role counties play in administering state programs by:

1. Fairly sharing responsibility with the counties in determining the scope, design, and cost of statewide programs;
2. Providing adequate and predictable shares of funding for state services delivered by the counties;
3. Helping counties reduce the need to rely on property taxes; and
4. Enhancing the ability of counties to more effectively manage county government.

In furthering these principles Dane County will assess policies via an analysis that asks:

- Who benefits?
- Who is burdened?
- Who does not have a voice at the table?
- How can policymakers mitigate unintended consequences?

Surface and Ground Water Quality

- **Water Quality:** Maintain level of DNR funds for water quality planning and watershed projects. Support increased DNR financial assistance as an incentive to reduce non-point source pollution. Seek a fair share of state funding for inland waterways and lakes. Target state funds to where there is a high likelihood of project success, where recipient units of government have a proven track record of meeting state and local water resource goals. Support legislation to provide additional funding and staffing for local water quality protection, improvement and unfunded mandates.
- **Soil Erosion:** Support DNR and/or legislative streamlining of NR297 process to deal more quickly with cropland soil erosion that threatens water resources. Control soil erosion to acceptable limits, e.g., tolerable soil loss levels, for the production of food and fiber. Support DATCP Soil and Water Resource Management programs implementation, e.g., NR243 cost sharing and Land and Water Resource Management Plan implementation and cost sharing.
- **Comprehensive Approach to Control Lake Levels:** Request the DNR to adopt a comprehensive approach to managing the levels of the lakes through collaboration with affected parties, including dam operators, municipalities and regulatory agencies toward improving natural hydrologic conditions and habitat.
- **Keep Asian Carp Out of Wisconsin Waterways:** Call on the WI Department of Natural Resources and the federal government to increase their efforts to stop the destructive advance of the Asian carp through Wisconsin.
- **Mining Reform:** Monitor mining reform legislation, oppose provisions that usurp local government role and suspend floodplain rules that would nullify flood insurance and federal disaster assistance.
- **Water Management:** Support local governmental efforts to improve water management through water conservation, a balanced water budget and enhanced groundwater recharge.

- 50 • **High Capacity Wells:** Oppose limiting, relaxing or thwarting the regulation of high
51 capacity wells.
- 52 • **Lead Pollution:** Support statewide/Utility User funding to help local governments
53 mitigate lead contamination in drinking water.
- 54 • **Public Trust Doctrine:** Oppose legislation that erodes the Public Trust Doctrine and
55 DNR's ability to regulate navigable waters.

56

57 **Natural Resources Conservation**

- 58 • **Stewardship Fund:** Support annually adjusting the State Stewardship Fund for inflation
59 to maintain at least 1990 funding levels. Eliminate Stewardship Fund requirements for
60 hunting and trapping.
- 61 • **State Urban Forestry Grants:** Allow towns, counties, and non-profits to access both the
62 federal and state funds in the Urban Forestry Grant Program.
- 63 • **Payments in Lieu of Taxes:** Authorize counties to make payments in lieu of taxes
64 to other local units of government when the county takes land off the tax rolls for
65 conservation purposes.
- 66 • **Mercury Products Ban:** The State should ban the sale of mercury-containing products,
67 with the exception of dental fillings and fluorescent lamps. If the ban is implemented on a
68 phased-in basis, retailers should be required to take back for recycling those mercury-
69 containing products that they are selling until the ban for each product takes effect.
- 70 • **Mercury Rules:** Support changes to the mercury rules to achieve a 90% reduction per
71 DNR rule.
- 72 • **DNR Budget Reductions:** Oppose reductions in DNR staffing that affect Dane County
73 water programs, including regulatory programs, lake/fishery, runoff specialists,
74 conservation wardens, land conservation and parks programs.
- 75 • **Reduce Fine Particle Emissions:** Target fine particle pollution non-attainment areas by
76 providing increased funding and new incentives for fine particle emission reduction
77 programs, including programs that reduce emissions from transportation sources and
78 point sources through the increased use of alternative fuels, renewable energy
79 sources, and energy efficiency improvements.
- 80 • **Diesel Idling Regulations:** Support statewide implementation of diesel idling
81 regulations for trucks, buses and other diesel engines.

82

83 **Sustainable Agricultural Practices**

- 84 • **Revise Formula for DATCP Administrative Funding to Counties:** Support a revision
85 in the formula the Department of Agriculture, Trade and Consumer Protection
86 (DATCP) uses to distribute administrative funding to counties for administration of the
87 Farmland Preservation Program, Nutrient Management Program and the implementation
88 of performance standards. Use criteria for distribution that include number of farms,
89 acres of cropland, number of livestock and amount of resource waters in a county.
- 90 • **State Commercial Building Code:** Support the exemption from the state Commercial
91 Building Code of farm buildings used for agricultural purposes or horse boarding/stabling
92 facilities.
- 93 • **Restore Funding for Soil & Water Resource Management Program:** Return \$9.3
94 million to state aid for county conservation employees who assist WI farmers and help
95 grow the state's agriculture industry.
- 96 • **Foreign Interests in Farmland:** Oppose legislation that removes limits on foreign
97 ownership of Wisconsin agricultural land.
- 98 • **Non-Therapeutic Use of Antibiotics in Livestock:** Support national/statewide ban on
99 non-therapeutic use of antibiotics in livestock production/agriculture.

100

101 **Climate Change: Mitigation, Adaptation & Resilience**

- 102 • **Alternative Energy Production:** Support statewide funding in the form of grants and
103 incentives leading to the increased use of renewable energy sources such as wind, solar
104 and biomass.
- 105 • **Green Jobs Economic Development:** Support statewide funding in the form of grants
106 or incentives, for counties to develop, create and attract green job opportunities with
107 green companies or industry.
- 108 • **Renewable Energy:** Oppose legislation that restricts or prevents waste-to-energy and
109 renewable energy as viable energy sources for utilities and consumers.
- 110 • **Clean Energy Choice:** Support legislation to increase affordability/sustainability of
111 renewable energy in Wisconsin.
- 112 • **Divestment from Fossil Fuels:** Support zero investments in fossil fuel companies

119 resilience around the impacts of climate change, including climate change influenced by
120 human activity.

121
122

123 **Access to High Quality Health Care**

- 124 • **Dental Access:** Support policies and/or legislation that would ensure access to dental
125 care for all residents including those on Medical Assistance.
- 126 • **Medicaid Expansion:** Support implementation of the Medicaid expansion under the
127 federal Affordable Care Act (ACA). Allow Wisconsin to use the Medicaid option to close
128 the gap in BadgerCare for childless adults. If WI closes the gap, full federal funding will
129 be available for three years 2014-2016, followed by gradual reductions to 90% by 2020.
130 ACA creates other innovative benefits and programs that states and counties will help to
131 implement. Accept available federal funds for BadgerCare to ensure that thousands of
132 Wisconsin citizens have access to quality and affordable health coverage.
- 133 • **Key Funding Streams:** Support Cost of Living Allowance (COLA) increases in key
134 funding areas from the state including Youth Aids, Community Aids, COP and CIP.

135 **Economic Assistance**

- 136 • **Income Maintenance Programs:** Support funding levels and legislation that provide
137 sufficient resources to administer non-cash benefit programs such as Food Stamps,
138 Medical Assistance, Child Care and issue benefits to all eligible people. Oppose
139 changes to the eligibility/enrollment process and services funded under Medicaid and
140 Income Maintenance.
- 141 • **W-2 Funding:** Support funding to pay all W-2 cash benefits and administrative expenses

147 administrative expenses, resident services, utilities, financing costs, preservation
148 expenses and similar project-related expenses."

- 158 • **Birth to Three:** Support additional financial support from the state for this program.

160 payments to defray the cost of Birth to Three care for families that have private health

170 need to protect quality and availability of services to consumers and maintain control by
171 the county of programs or relieve the county of financial aid and/or legal obligations for
172 the programs and participants if the county is not involved with these programs in the
173 future. The required county contribution towards LTC should be equitably negotiated.
174 Support adequate funding for the start-up and ongoing funding of ADRCs. Amend
175 Chapter 55 to delineate state and county responsibilities.
- 176 • **Equitable Funding for Long Term Care:** Extend higher federal MA reimbursement
177 rates under the federal stimulus package to current county-administered long term care
178 MA waiver programs where county revenues comprise the non-federal match. Support
179 freezing further county participation in Family Care until the State can fully fund county
180 program start-up costs and find more equitable ways of funding Family Care without
181 penalizing counties, such as Dane, for the substantial financial commitment and
182 innovative approaches already taken to meet long term care needs of its residents.”
- 183 • **Employment Services for Older Adults:** Extend the use of state and county funds to

196 programs, eliminate CIP/COP waivers, propose negative changes to the Family

199 people with developmental/physical disabilities, including children and their families and
200 older adults in Dane County.

202 increased insurance coverage and MA reimbursement rates in addition to adequate
203 statewide funding for mental health services and drug addiction treatment programs.

208 Management Inc. (MTM) is contracted by the state of Wisconsin to provide rides for
209 Medicaid eligible individuals to gain access to medical appointments. Contract
210 provisions are skewed to reward MTM for denying rides instead of providing rides.
211 Ongoing complaints about the quality of service suggest little accountability or
212 oversight creating greater problems for the “transportation disadvantaged.” Support
213 entities or other actions that will hold MTM accountable, improve oversight of the

- 284 • **Women's Health Care:** Repeal all state laws that prohibit women from having access to
