CUP 02362

PETITION: CUP 2362

APPLICANT: MADISON CRUSHING AND EXCAVATION

LOCATION: 5185 REINER ROAD, SECTION 26, TOWN OF BURKE

CUP DESCRIPTION: allow the continuation of an existing mineral extraction operation

**IN FAVOR:**

*Bill Ziegler, John Belkin, Paul Johnson.* Mr. Johnson explained the proposal to the Committee. The operator has no objections to the conditions listed in the staff report.

**OPPOSED:**

*Emma Godfrey:* She stated that the operator has been found illegally expanding past their approved limits in the past. Once again the operator has let their CUP's expire and is asking for another expansion. She stated that there were prior determinations on the limits to mineral extraction site. 1989, a judge had determined that the quarry would go no further north than Sandy Lee Lane. This limitation has appeared to be lost with the passing of time.

*Gale Zimmermann:* In 1977, she purchased her property on Sandy Lee Lane. She was told that the quarry was abandoned and did not have any more material. The operation started back up in 1980 and has been operating ever since. She stated that the operation should not be allowed to expand north past Sandy Lee Lane due to the close proximity to existing houses. She feels that the 20 year time limit is too long. She has been living through the blasting and the dust from the quarry for many years.

*Brigit Parlow:* When she purchase her house, she was never told that a mineral extraction operation was in the area. She has never received a blasting notice. She has noticed cracks in her house. She expressed her displeasure with the beeping of the back-up alarms of trucks, noise from the trucks, and the traffic they create. She stated that she was not allowed to speak at the Town's Plan Commission meeting regarding the matter. She noted that there is a daycare with 150 children located across the street from the quarry. She is concerned that the quarry is conflicting with the current development and future development of the area. There are many new residents surrounding the quarry. She would like to see the CUP be denied.

*Kim McCain:* She stated that she has asthma and the dust from the quarry is problematic. She has found issues with her house due to blasting. The blasting is annoying.

*Julie Backenkeller:* She stated that the neighborhood was not properly informed about the Town meeting and they were not allowed to speak at the Town meeting. She does not receive blasting notices when blasting occurs. With the residential development around the site, the Town and the County should decide whether to have residential or mineral extraction as the land use for the area. The additional residents moving into the area appear to conflict with the quarry land use. She questioned whether the quarry had enough land as is or if they actually needed the expansion to the north. She would like to see pre-blast surveys be performed on houses prior to blasting commencing. She would also like well testing to be performed. Additional measures should be in place to address dust concerns. Blasting notices should be distributed in a 1/2 mile radius.

*Squawk boxes should be installed on all vehicles. Asphalt drives should be installed at entrances to control dust and not allow regrind material. She feels that the quarry has a negative impact on her property values and her enjoyment of her property. She feels that the CUP should be denied and the property reclaimed.*

**REBUTTAL:**

*Paul Johnson:* The opposition has good points. The operator has been a good neighbor. The operations in the expired CUP areas have been shut down. The operator wishes to expand to make money. The quarry has been in operation for decades and is hard to miss when driving past. Reiner Road traffic has always been busy and the truck traffic from the quarry is not a major contributor. The operator is requesting a 20-year time limit in order to exhaust the resources in this area.

**A motion was made by BOLLIG, seconded by MATANO, that this Conditional Use Permit be postponed until a Town Action Report is received from the Town . The motion carried by the following vote: 4-0.**

[2016 LD-049](#) McCaughey Land Division Waiver - Public road frontage requirements  
Town of Deerfield

A motion was made by MATANO, seconded by BOLLIG, that the Land Division waiver be approved. The motion carried by a voice vote.

Finding of fact: STH 73 is a controlled access with limited access points allowed and current structures prohibit lot 2 to have and maintain the minimum of 66' of frontage. A shared access easement will be created to allow for the parcels to utilize the existing driveway.
