Motion: (revenue/expenditure/text effect)	Increase senior nutrition program site management funding by \$23,630 to reflect needed cost to continue.		
Program Effect:			
FTE Effect:			
Line Item Detail (not required for introduction, attach additional listing if necessary)			
Org	Object	DESCRIPTION:	Amount
41341	35401	NUTRITION SITE MANAGEMENT	\$23,630
Intent/Justification			
<p>NUTRITION: Site Management –Increase Senior Nutrition Program site management contract funding by \$48,441 over two years, at 5% each year (\$23,630 in 2020 and \$24,811 in 2021) to reflect a needed cost to continue increase. History: Senior Nutrition Program Site Management includes coordination and oversight of the following: (1) program outreach targeting low-income, minority, and rural seniors; (2) supervision of a safe and sanitary facility; (3) service of meals in a congregate setting and the delivery of meals to homebound seniors by trained volunteers; (4) collection and data entry of required participant registration and service delivery data; (5) utilization of a meal reservation system to accurately and timely order meals through the County contracted caterer; (6) monthly solicitation of donations for home delivered meals utilizing a County approved letter, and (7) the provision of nutrition education and isolation reducing activities for senior adults. While site management contracts have received the 2.0 and 3.5% COLA increases in the past two years, it has not kept pace with inflation. Justification: Funding for site management has not kept pace with inflation or the increase in labor needed due to the increase in number of meals served and/or delivered by the Senior Focal Points. From 2010-2013, due to sequestration at the Federal level, site management funding decreased 10.9% (from \$459,017 in 2010 to \$408,962 in 2013). As of 2019, site management funding has increased only 2.9% in nine years (\$472,607 in 2019 and \$459,017 in 2010). This increase has largely been from OAA and State match funding. For this reason a 5% minimum increase (\$23,630) in local funding for nutrition site management in 2020 and in 2021 (\$24,811) is need on a cost to continue basis. Outcomes: Continuation of 28 senior dining sites serving 100,000 congregate meals per year and 144,000 home-delivered meals packaged and delivered to home bound seniors.</p>
