Minutes - Final Unless Amended by Committee

Emergency Medical Services - Medical Advisory Subcommittee

Consider:

Who benefits? Who is burdened?

Who does not have a voice at the table?

How can policymakers mitigate unintended consequences?

C. Discussion Items

SSM Post-Partum Safety Initiative - Nancy Patrick

St. Mary's shared information on their new Post-Birth Alert System. Initiative is to increase awareness of the post-partum issues that can be experienced in the 6 weeks following birth. Main goal is to decrease morbidity and mortality of birthing parents. This program was implemented at St. Mary's Madison January 1, 2025. Patients are educated about the wrist band and how it is meant to alert EMS and other medical care providers that the patient recently delivered a baby. Want to have continued education to EMS and SSM Health providers on this initiative.

EMS Protocols Update

SSM and MEP don't have any major updates. SSM Health's Sauk County agencies will begin carrying blood product, but protocols do not apply to Dane County agencies. Currently there may be interest from agencies in carrying blood, but concern is more the operational aspect of maintaining blood product, cost, etc. Can discuss at EMS Association meeting and add to annual survey. UW protocols do not have any major medical changes or updates; focus has been streamlining what already exists. TXA will be kept to 1g for consistency; current data is not robust enough to support 2g dose change. UW working on putting infant warming into Procedures of protocol book.

NAEMSP Conference

Blood in pre-hospital settings was a big topic. A lot of effort is being done nationally to implement use in the field. Other topics included pre-hospital ultrasound use for trauma patients, 911 call triaging, and Buprenorphine induction in the field.

D. Presentations

E. Reports to Committee

F. Future Meeting Items and Dates

G. Public Comment on Items not on the Agenda

H. Such Other Business as Allowed by Law

Introduce Trent Brass, new Maple Bluff Fire Chief; and Cody Letson, the service director for Ryan Brothers. Dr. Kim asked about having 911 ask parent/guardian for pediatric weights. This is being followed up on. Dr. Kronenfeld and 911 call center looking at getting CAD access for hospital ED's. Dr. Kronenfeld will follow up to close the loop.

I. Adjourn

The meeting was adjourned at 12:45pm.

Minutes respectively submitted by Courtney Morency.
