Phone (608) 266-4266 Fax (608) 267-1540

TO: Zoning and Land Regulation Committee members  
FROM: Roger Lane, Dane County Zoning Administrator  
SUBJECT: Revisions to Chapter 17, Floodplain regulations  
DATE: January 24, 2017

---

In order to stay in compliance with the requirements of the FEMA Floodplain program, the County is required to update the adopted Floodplain regulations whenever there is a change to the floodplain maps. Below is a list of changes that were made to the adopted floodplain maps. The proposed ordinance amendment, 2016 OA 066, incorporates these changes in to the floodplain regulations. The changes have been approved by FEMA.

- Revision to the floodplain on the East Branch of the Starkweather Creek – A new culvert was installed on the creek which affected the floodplain elevations in Section 4 of the Town of Blooming Grove. The culvert is located near Milwaukee Street in the City of Madison.
- Revision to the floodplain on the Upper Badger Mill Creek – New storm water detention basin was installed which affected the floodplain elevation in Sections 12 and 13 in the Town of Verona. The regional detention basin is located between Nesbitt Road and 12/18.
- Revision to the floodplain on a dry tributary to Badger Mill Creek – A new box culvert was installed under Hubble Road in the City of Verona which affected the floodplain elevation in Sections 8 and 9.
