The Department of Justice has awarded additional funds to Dane County to reach out to jail inmates who are dependent on opiates and provide treatment upon their release from jail. Initial funding for this project ended March 31, 2015. These additional funds cover services for the period of April 1, 2015 through March 31, 2016. The grant totals \$76,221 and with this resolution we are allocating the 2015 portion of \$60,651. Journey Mental Health Center will continue to provide treatment to individuals as soon as possible after their release from jail. Presentations on overdose prevention and educational materials will continue to be provided by AIDS Resource Center of Wisconsin while individuals are held in the Dane County Jail. AIDS Resource Center of Wisconsin will also refer interested opiate-dependent individuals to Journey Mental Health Center. While individuals are in jail, Journey will conduct intakes and set initial treatment appointments for the day of release from jail, a time where many are at greatest risk to return to use of opiates and in some cases overdose. Journey Mental Health Center's ACS contract increase includes awarding an additional \$75,180 for these purposes for a 2015 total of \$100,240. AIDS Resource Center of Wisconsin will receive an additional \$10,878 for a 2015 total of \$14,504. The County is required by the grant to provide a match of 25%. The amounts for both of vendors include this required match, which is already included in the Department's budget.
