**Subject:** Support for Conditional Use Permit Petition 2668

I am writing in support of Conditional Use Permit #2668, applicant Tim Andrews. We own land next to Tim's and have never experienced any problems or difficulties with Tim Andrews or his business. Tim Andrews has been running a successful landscaping business for decades. He is an excellent employer and has provided numerous well-paying jobs to the community. He is in a very rural area. His conditional use permit has been approved by the Mazomanie Planning Commission and Mazomanie Town Board - their review and expertise at the local level should take precedence. Tim has had a long-term presence in the area. He has a long history of operating a successful business and of being a responsible neighbor. I believe strongly that this conditional use permit should be approved.
