

AGREEMENT REGARDING SANITARY CONNECTION CHARGES FOR THE DANE COUNTY LANDFILL SITE NO. 3 AND SUSTAINABILITY CAMPUS

The Dane County Department of Waste & Renewables is in final stages of permitting and design for the Dane County Landfill Site No. 3 and Sustainability Campus which is to be located at 7103 Millpond Road/4402 Brandt Road, Madison, WI 53718. The site is divided into two lots, where Lot 1 will generally consist of the Sustainability Campus and Lot 2 will consist of the landfill.

The Department of Waste & Renewables paid for the extension of water and sanitary sewer utilities to the site in coordination with the Wisconsin Department of Transportation USH 12 & CTH AB Interchange project (3080-01-05) and paid the amount required for District connection charges for Lot 1 in September 2023. The remaining charges are now due for areas that will be served by the sanitary system.

The Department of Waste & Renewables, City of Madison, and Madison Metropolitan Sewerage District have agreed that connection charges are not currently due for the area on the property that will be leased back to the City of Madison and remain golf course. Connection charges for that area will be assessed if/when that area is developed.

NOW THEREFORE IT BE RESOLVED that the County Executive and the County Clerk be authorized and directed to sign the Agreement; and

BE IT FINALLY RESOLVED that the Department of Waste & Renewables be directed to remit payment for the charges ensure complete performance of the Agreement.
