CONTRACT

I. PARTIES TO THE CONTRACT

This agreement, hereinafter referred to as the "Contract," shall be between the Wisconsin Department of Children and Families, hereinafter referred to as "The Department" or "DCF," and the named County listed on page 1 of this contract, hereinafter referred to as "County" for the procurement of services, according to the terms set forth in this Contract.

II. DEFINITIONS

Artificial intelligence (or "AI") means any IT system or part of an IT system able to perform specific tasks that normally require human intelligence. A complete listing of all such technologies or capabilities is not feasible or desirable, but at present includes capabilities such as visual perception, speech recognition, decision-making, creation of new content, documentation and/or data, and language translation.

Artificial intelligence system means any data system, software, hardware, application, tool, or utility that operates, in whole or in part, using artificial intelligence.

Contract Addendum. An addition to the Contract that is attached after both parties have signed the Contract. An addendum requires the signature of both parties or their designees.

Contract Amendment. A change made to a Contract by adding, subtracting, or substituting terms and/or conditions. An amendment may or may not require the signature of both parties or their designees, as outlined in Section IV, below. Contract amendments must be made in consultation with the County Contract Committee as designated by the Wisconsin County Human Services Association (WCHSA).

Contract Supplement. A signed memorandum from the Department that notifies the County of increases or decreases to funding or time extensions in the Contract. A Contract Supplement requires the signature of the Department but does not require the signature of the County.

Day. All Contract references mean calendar days unless otherwise provided. Calculation shall be as defined in Wis. Stats. 801.15(1).

Single Statewide Point of Contact. The Wisconsin County Human Services Association (WCHSA) shall serve as the Single Statewide Point of Contact under this Contract to advise the Department on issues related to implementation of programs and services under this Contract. All communication regarding this Contract shall be sent through the WCHSA President, as appropriate, or their respective designee.

III. TERM OF CONTRACT

Contract term is 01/01/2026 through 12/31/2026.

IV. EXECUTED CONTRACT TO CONSTITUTE ENTIRE AGREEMENT

The Parties shall perform the duties and responsibilities specified in this Contract in accordance with State and Federal statutes; State administrative rules; Federal regulations; and controlling court cases in effect during the term of this Contract.

This Contract and supporting written communications constitute the entire agreement between the parties. The hierarchy of documents, in order, for resolution is as follows:

- A. Laws, regulations and policies of the State and Federal government

~~B. HHS Administration for Children & Families Standard Terms and Conditions, and Program Specific Supplemental Terms and Conditions. See Attachment A.~~

C. This Contract, including all exhibits, attachments, appendices and addenda to the Contract

Any conflict in terms shall be governed by the highest listed document.

Programmatic or Funding Changes. DCF agrees to provide advance notice to WCHSA under the following circumstances:

1. Significant reduction in the monies available affecting the substance of this Contract; or
2. Changes required by court action, or by changes to Federal law, State law, or regulations that substantially change the type of services delivered under this Contract; or,
3. Implementation of any new program or policy initiative that is not specifically mandated by Federal or State laws, rules or regulations, subject to any limitation contained in the Scope of Services.

Whenever possible, DCF will give advance notice and provide a forty-five (45) day period of time for WCHSA to comment on the change before the change takes effect. WCHSA may request a meeting with the program division during the forty-five (45) day review period to discuss concerns with the program change. DCF is required to hold a meeting within the forty-five (45) day period.

The Department may execute a Contract addendum, amendment, or supplement for any new programs or initiatives, subject to any limitation contained in the Scope of Services, or to distribute additional available funding.

V. SUBCONTRACTS

A. Procurement of Subcontracts

The County may Subcontract all or part of this Agreement. The County must comply with all applicable State and Federal laws, and all County procurement policies and procedures in sub-contracting for services. DCF may withhold approval of a Subcontractor if DCF has reason to believe that the intended Subcontractor will not be a responsible Subcontractor in terms of fiduciary viability, services provided and/or costs billed. DCF shall provide to the County written notice of reason for the disallowance.

B. County Responsibility

The County is responsible for fulfillment of all terms and conditions of this Contract when it enters into Sub-Contract agreements and will be subject to enforcement of the terms and conditions of this Contract, including all disallowances, penalties, sanctions and remedial measures related to Subcontractor non-compliance. It is the responsibility of the County to ensure that the Subcontractor complies with all laws and rules regarding Civil Rights Compliance and Affirmative Action. The County is also responsible for sub-recipient monitoring of Subcontractors per 2 CFR 200.

C. Independent Capacity of Contractor

The parties hereto agree that the contractor, its officers, agents, and employees, in the performance of this agreement shall act in the capacity of an independent contractor and not as an officer, employee, or agent of the state. The contractor agrees to take such steps as may be necessary to ensure that each subcontractor of the contractor will be deemed to be an independent contractor and will not be considered or permitted to be an agent, servant, joint venturer, or partner of the state.

VI. SCOPE OF SERVICES

The County will provide services in accordance with this Contract. Specific program requirements are included as **Exhibit 1: Scope of Services**.

A. Provision of Services

The County shall provide the services in accordance with applicable legal requirements and according to the terms of this Contract. DCF may inspect, observe and examine the performance of the County's services at reasonable times, with reasonable notice, at any location.

If any part of the services rendered by the County, its personnel or its contractors in any way differ from the Contract requirements for any reason other than as a result of DCF's default or negligence, the County shall at its own expense reschedule and perform the work correctly within a reasonable time. This remedy shall be in addition to any other remedies available to DCF by law or in equity.

B. Contractor Personnel

It is DCF's expectation that the County or their contractors, if applicable, are responsible for provision of all staff needs to perform the services. Those include, but are not limited to space, equipment, software, connectivity, supplies, email, and phone. DCF will not provide any such items unless specified in the Scope of Work exhibit of this contract.

In the event County staff or their contractors must conduct business at DCF facilities, they must act in a professional, ethical manner. DCF reserves the right to refuse to admit to DCF's premises any person employed or contracted by the County whose admission in the opinion of DCF would be disruptive to operations.

C. Background or Criminal History Investigation

DCF reserves the right, upon reasonable advance notice to the County, to request the County conduct background checks on any County personnel or their contractor personnel that will have access to case information.

D. Performance

Work under this Contract shall be performed in a timely, professional and diligent manner in accordance with applicable legal requirements. The County shall be solely responsible for controlling the manner and means by which it and its personnel or its contractors perform the services.

Without limiting the foregoing, the County shall control the manner and means of the services so as to perform the work in a reasonably safe manner and comply fully with all applicable codes, regulations and requirements imposed or enforced by any government agencies. Notwithstanding the foregoing, any stricter standard provided in plans, specifications or other documents incorporated as part of this Contract shall govern.

VII. BILLING AND PAYMENT TERMS

By signing this document, the representative of the county certifies to the best of their knowledge and belief that the information provided herein is true, complete, and accurate. They are aware that the provision of false, fictitious, or fraudulent information, or the omission of any material fact, may subject them to criminal, civil, or administrative consequences including, but not limited to violations of U.S. Code Title 18, Sections 2, 1001, 1343 and Title 31, Sections 3729-3730 and 3801-3812.

Expenditure reports must be submitted monthly by the 28th day of the month. Reimbursement for services will be made the 5th day of the following month. The State of Wisconsin and its agencies are exempt from payment

of all federal tax and Wisconsin state and local taxes on its purchases except Wisconsin excise taxes as described below.

The State of Wisconsin, including all its agencies, is required to pay the Wisconsin excise or occupation tax on its purchase of beer, liquor, wine, cigarettes, tobacco products, motor vehicle fuel and general aviation fuel. However, it is exempt from payment of Wisconsin sales or use tax on its purchases. The State of Wisconsin may be subject to other states' taxes on its purchases in that state depending on the laws of that state. Contractors performing construction activities are required to pay state use tax on the cost of materials.

A. Payment Terms

The Department shall reimburse the Contractor for the functions it performs and services it provides or purchases as set forth in **Exhibit 1: Scope of Services**. Payments by the Department under this Contract are contingent upon: (a) substantial compliance by the Contractor of all responsibilities identified in this Contract, and in accordance with State and Federal laws; (b) authorization of Wisconsin and Federal laws and availability of State and Federal funds; and (c) receipt of cost allocation plans, and (d) approval of equipment over \$10,000 by DCF.

1. Allowable Costs

The Department will make payments for incurred allowable costs that are consistent with the [DCF Allowable Cost Policy Manual](#) and applicable Federal allowable cost policies. Program expenditures and descriptions of allowable costs are further described in 2 CFR Part 200. See Office of Management and Budget website for links to Code of Federal Regulations (CFR) sections: [Federal OMB Uniform Guidance Site](#)

2. Expense Submission

Claims for reimbursement must be submitted electronically using the SPARC portal pursuant to the requirements of the Department's cost reporting system. SPARC will display the appropriate line codes for reporting. It is important to enter the correct month and year.

The Department may request additional documentation for expenses submitted by the County to SPARC. The County must submit additional documentation in the SPARC portal.

The expenses entered into SPARC must be saved on or before the 28th day of the month following the month for which reimbursement is being claimed. The Department will issue the reimbursement using direct deposit on the 5th day of the following month, subject to reduction, recovery and reimbursement as provided in this Agreement. Late or revised expenses will be processed in the next month's payment cycle.

If the 28th day of the month and/or the 5th day of the following month fall on a non-business day (per the State of Wisconsin calendar), the expenses due date and/or reimbursement date become the next business day.

The payment schedule is available on the SPARC website: <https://dcfsparc.wisconsin.gov/>

3. Reimbursement

For all claims submitted timely, the Department will promptly issue the reimbursement by direct deposit on a monthly basis. Said reimbursements are subject to reduction and/or recovery as provided in this Agreement. Late expense claims will be processed in the next payment cycle unless permission to process funds early is mutually agreed upon by the County and the Department, and at a date convenient to the Department, but not later than at the next payment cycle.

DCF requires all grants to be paid through an **Automatic Clearing House** (direct deposit). ACH payments will be deposited into your agency's account according to your agency's Contract terms. To begin receiving ACH payment, please request forms from DCFContracting@wi.gov.

Sign and submit the form along with a voided check, deposit ticket or bank letter to DCFContracting@wi.gov.

Total net reimbursement to the Contractor for incurred allowable expenses shall not exceed the contracted amounts specified in the funding allocation table on P.2 of this Contract, excluding FFP or other non-State funds. Net reimbursements under this Contract may be adjusted for other amounts owed the Department as described in VII.B.

The Department may increase or reduce payments pursuant to State or Federal audits.

4. Final Submission

The County shall report all incurred allowable expenses for reimbursement under this Agreement to the Department within sixty (60) days of the end of the Contract period unless a different date is mutually agreed upon by the County and the Department as specified. If allowable under Federal law and funding is available, the Department will not unreasonably withhold approval for expenditures eligible for Federal financial participation.

To submit an expense report later than sixty (60) days, the County shall submit a written request to the Department prior to the sixtieth (60th) day providing an explanation for the late submission. The Department program unit providing the funds must approve the late expense report for the late expenses to be reimbursed.

5. Additional Claims Related to the Single Audit

Claims for allowable costs (expenses) not reported within sixty (60) days of the end of the Contract period, or within the extended Contract period if an extension is granted, will be submitted for Federal reimbursement if (a) the costs are identified as a finding in the Contractor's Single Audit, and (b) the Contractor's Single Audit report is received within the mandated timeframes. Federal reimbursement received will be passed on to the Contractor as a part of the audit resolution process.

If the single audit results in funds being owed to either party, the amount of funds owed may be either paid in the next payment cycle, or adjusted from the following year's allocations, as mutually agreed upon by the County and the Department. If the single audit results in both parties being owed funds, those funds shall be summed and offset to result in a one-way net adjustment and would be subject to repayment as identified above.

6. Excess / Overpayments

DCF will recover any funds paid in excess of the allowable costs of services provided under this agreement within thirty (30) days of notification. Allowable costs are defined by 2 CFR Part 200, the attachment(s) to this agreement, and/or the program policy manual. DCF may recover any funds paid in excess of the conditions of this agreement from subsequent payments or may recover such funds by any legal means.

B. Withholding, Deduction/Reduction, and Recovery of Funds

The Department shall have the right to withhold deduct, reduce, and/or recover payments due under the terms of the Contract if the County fails to provide services consistent with this Contract; or if the Department reasonably determines it to be necessary to protect the Department against potential losses or liabilities attributable to the County, including potential Federal disallowances or sanctions. The Department may recover payments pursuant to State or Federal audits.

1. Withholding

The payments to be withheld will be in an amount the Department determines necessary to cause the County to correct its failures, or to protect the Department against potential losses or liabilities, and such amount will be withheld until the failure to provide the services or meet the Contract provision is cured or until the potential loss or liability ceases. The Department will

withhold funds pursuant to this subsection only after the Department has given notice to withhold funds.

2. Deduction/Reduction of Funds

The Department makes payments only for services that are actually provided and that meet the terms and conditions of this Contract. Except as stated in **Exhibit 1: Scope of Services**, the Department shall have the right to deduct the amounts being withheld from its financial obligations to the County if the County has not yet cured its failures or caused the potential losses or liabilities to cease. In addition, the Department shall have the right to deduct amounts equal to an amount imposed against the Department as a Federal disallowance or sanction that is attributable to the County's performance or failure to perform, misuse of funds, or non-compliance with the Contract.

The Department shall have the right to deduct any amounts due the Department from the County from money otherwise payable to the County for any other reason specifically provided under this Contract except as stated in **Exhibit 1: Scope of Services**.

In situations where appropriate DCF reserves the right to reduce the total amount of the Contract award due to significant under-spending by the County. All such Contract award reductions will become effective upon thirty (30) days written notice to the County and shall not relieve the County of any programmatic requirements.

3. Recovery of Funds

The Department reserves the right to recover funds that are owed by reducing future disbursements to the County by an amount equal to what is owed. The Department may adjust subsequent claims for reimbursement by any audit exception or non-compliance exception up to the amount of the exception. The Parties shall negotiate the timing and payment schedule of any adjustments under this section.

C. County Liabilities

1. Bonding and Surety Instruments

The Department, where applicable, may require written assurance at the time of entering into this Contract that the County has in force, and will maintain for the course of this Contract, employee dishonesty bonding or other suitable surety instruments in a reasonable amount to be determined by DCF. The Department will not collect bonding or other surety information for individual agencies. All information must be maintained by the County and is subject to the State Single Audit Guidelines (SSAG).

VIII. COUNTY RESPONSIBILITIES

A. Insurance Responsibility

The contractor performing services for the State of Wisconsin shall:

1. Maintain worker's compensation insurance or self-insure as required by Wisconsin Statutes, for all employees engaged in the work.
2. Maintain commercial liability, bodily injury and property damage insurance or equivalent protection against any claim(s) which might occur in carrying out this agreement/contract. Minimum coverage shall be one million dollars (\$1,000,000) liability for bodily injury and property damage including products liability and completed operations. Provide motor vehicle insurance for all owned, non-owned and hired vehicles that are used in carrying out this contract. Minimum coverage shall be one million dollars (\$1,000,000) per occurrence combined single limit for automobile liability and property damage.

3. The state reserves the right to require higher or lower limits where warranted.

B. Indemnification

In the event of a breach of this contract, to the extent allowed under State and federal laws, both parties agree they shall be responsible for any losses or expenses (including costs, damages and attorney's fees) attributable to the acts or omissions of their own officers, employees, agents or subcontractors.

C. Force Majeure

Neither party shall be in default by reason of any failure in performance of this Agreement in accordance with reasonable control and without fault or negligence on their part. Such causes may include, but are not restricted to, acts of nature or the public enemy, acts of the government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes and unusually severe weather, but in every case the failure to perform such must be beyond the reasonable control and without the fault or negligence of the party.

IX. PRIVACY AND CONFIDENTIAL INFORMATION

A. Confidentiality of Records

All case information, paper records, written information, and any electronic data shall remain confidential, as required by law and applicable policy.

With respect to the use of artificial intelligence (AI) systems, the County and its Subcontractors shall not access, use, process, store, or analyze non-public DCF data in AI systems that could subject the non-public DCF data to inadvertent disclosure, operate outside of the County's/Subcontractor's secured network infrastructure, access or transmit data over the public internet or to external servers not fully controlled by the County/Subcontractor, or utilize a third-party cloud-based AI system that is not housed within the County's/Subcontractor's internal systems. When a county intends to use an AI system that would access, use, process, store, or analyze non-public DCF data, then the County agrees to notify DCF and share sufficient information with DCF in order for DCF to understand how the non-public DCF data would be accessed, used, processed, stored in, or analyzed by the AI system. The County also agrees to work in good faith with DCF in the event DCF raises concerns about the AI system or the County's use thereof.

County and its Subcontractor(s) shall comply with all State and Federal confidentiality laws concerning the information in both the records it maintains and in any other confidential records that the County accesses to provide the services under this Contract. The County shall take reasonable cybersecurity measures to safeguard information including personally identifiable information and other types of information.

The County shall make its staff and Subcontractors with access to confidential information aware of the confidentiality requirements applicable to the information.

B. Confidentiality

Except as otherwise authorized by law, the County may not disclose confidential information for any purpose other than purposes associated with the administration of services under this Contract.

"*Confidential Information*" means all tangible and intangible information and materials accessed or disclosed in connection with this Agreement, in any form or medium (and without regard to whether the information is owned by DCF or by a third party), that satisfy at least one of the following criteria:

1. Personally Identifiable Information;

2. Non-public information related to DCF's employees, customers, technology (including data bases, data processing and communications networking systems), schematics, specifications, and all information or materials derived there from or based thereon; or
3. Information designated as confidential in writing by DCF.

C. PII: Personally Identifiable Information: Defined as any information about an individual maintained by an agency, including (1) any information that can be used to distinguish or trace an individual's identity such as name, social security number, date and place of birth, mother's maiden name, or biometric records; and (2) any other information that is linked or linkable to an individual such as medical, educational, financial, or employment information. Confidential Information does not include information which is required to be disclosed by operation of law.

D. Breach of Confidentiality

If the County becomes aware of any actual use or disclosure of any Confidential Information or has the reasonable belief that there has been a use or disclosure of any Confidential Information that is not authorized by this Contract, including an undisclosed AI system, or if any data or information is lost and cannot be accounted for, the County shall notify the Department promptly after becoming aware of such unauthorized use or disclosure, but no later than three (3) business days after the County becomes aware of such unauthorized use or disclosure. Such notice shall include, to the best of the County's knowledge at that time, the persons affected and the Confidential Information that was or may have been disclosed.

In the event of a breach of this Section, each agency agrees that, as related to this interagency contract, any loss or expense (including costs and attorney fees) will be charged to the agency responsible for the officer, employee or agent whose activity caused the loss or expense. The County will not be responsible for any loss or expense in situations when the County disclosed Confidential Information at the express direction of the Department.

This includes, but is not limited to, costs of monitoring the credit of all persons whose Confidential Information was disclosed, disallowances or penalties from Federal oversight agencies, and any court costs, expenses, and reasonable attorney fees, incurred by the State in the enforcement of this Section.

If a breach occurs, the County shall take prompt commercially reasonable steps to minimize the risk of another such unauthorized use or disclosure or to mitigate any harmful effects of such unauthorized use or disclosure. The County shall cooperate with the State's efforts to seek appropriate injunctive relief or otherwise prevent or curtail such actual breach, or to recover confidential information, including complying with a Corrective Action Plan as provided for in Section XII C.

X. RECORDS, DEPARTMENT PROPERTY AND AUTOMATION

A. Records Access and Retention

Under §19.36 (3) Wis. Stats., all records of the county or its subcontractors that are produced or collected under this contract are subject to disclosure pursuant to a public records request. The County shall maintain such records (in either written or electronic form) as required by State and Federal law and as required by program policies. The County shall retain records in a secure environment for no less than 6 years beyond the end of this contract, or the period specified in the attached Scope of Services if a different retention period is required. Records for periods which are under audit or subject to dispute or litigation must be retained until the audit/dispute/litigation, and any associated appeal periods, have ended. DCF will inform the county in the event records would be affected by this.

Upon DCF's request, at the expiration of the Contract, the county will transfer at no cost to DCF records regarding the individual recipients who received services from Contractor under this Agreement. The

transfer of records includes transfer of any record, regardless of media, if that is the only method under which records were maintained.

The County shall make all records and any written and/or electronic case information available to the Department or its authorized agents upon request, and will allow inspection of records and programs, insofar as is permitted under State and Federal law.

The County and its contractors may only use Department records for the purposes authorized under state and federal law and department program policies.

B. IT Equipment and Property

Reservation of Rights Submitted by Dane County

HHS Administration for Children & Families Standard Terms and Conditions, and Program Specific Supplemental Terms and Conditions

This statement applies to the extent that the DHHS Grants Policy Statement is incorporated into the terms of this agreement.

The HHS grants policy statement includes a required certification of compliance with Executive Order 14168 (Gender Ideology EO). To the extent that HHS attempts to require Dane County to comply with this as a State of Wisconsin subrecipient, this condition has been enjoined in *King County, et al. v. Turner, et al.*, 2:25-cv- 00814-BJR (W.D. Wash.) (August 12, 2025), in which Dane County is a Plaintiff. In the August 12, 2025 Order for preliminary injunction, the U.S. District Court enjoined HHS and its operating divisions and agencies from “imposing or enforcing” the grant conditions referenced in the District Court’s Order or any materially similar new conditions at any stage of the grant-making process, as well as from requiring the plaintiffs to make any “certification” of other representation related to compliance with such conditions, among other conditions. In reliance on the District Court’s Order, Dane County’s acceptance of this grant, submission of invoices, and any future draw-downs in no way reflect acceptance of the condition enjoined in *King County v Turner*. Dane County objects to such condition as vague, unlawful, and unconstitutional, and does not consent to such condition. By virtue of the PI and for so long as the PI or a subsequent order remains in effect, any such nominal reference to the restrained condition shall not result in this condition being imposed or enforced against Dane County even if the text of the inoperative condition remains in the documents executed by Dane County, or incorporated by reference via any digital signature platform, or via any submittal portal, of any kind whatsoever, that may be operated or utilized by HHS.

Exhibit 2: Subrecipient Performance Monitoring Plan

Child Care Administrative Agency Responsibilities (Performance Standards)

In accordance with 2 CFR 200.331(d), DCF must monitor the activities of subrecipients as necessary to ensure that the subaward is used for authorized purposes, complies with federal statutes, regulations, and the terms and conditions of the subaward and that subaward performance measures are achieved. Results of this Performance Monitoring Plan will be shared annually, unless immediate corrective action is required. Performance measure 1, accuracy of authorizations, will be posted quarterly. All agencies can contest the results of measure 1 if there is a discrepancy, even if the agency meets the minimum benchmark. To contest, the agency must provide reasoning and documentation of the discrepancy.

Performance standards are adjusted from year to year to meet current federal and state program initiatives, which are intended to address errors identified in state and federal audits, improve accuracy, improve customer service to families and reduce Wisconsin Shares overpayments. The following performance standards apply to all agencies:

Verify Accuracy of Authorizations

Under Wisconsin Shares policy, the Department will conduct Targeted Case Reviews (TCRs) to ensure that local agency workers document and establish appropriate child care authorizations. The TCR sample will include cases from each agency. The Department will publish the TCR results for each agency.

Performance Standard

Agencies must meet at least an 80% accuracy rate.

Conduct Site Visits for Certified Providers

As part of the Child Care Development Fund (CCDF) and as stated in the DCF Certification Policy Manual, agencies are required to conduct at least one unannounced visit annually to each certified child care program to monitor health and safety standards specified by the department. All violations of certification rules as outlined in DCF 202 and the Certification Policy Manual must be documented, and sanctions are issued in accordance with DCF 202 and DCF policy.

Performance Standard

Agencies must conduct at least one, unannounced visit to each certified child care program to monitor for compliance of health and safety standards.

PERFORMANCE MEASURE 1: *Verify Accuracy of Authorizations*

Performance Indicators:

The Department will conduct TCRs to ensure that local agency workers document and establish appropriate child care authorizations

Quality Assessment/Outcomes:

Agencies meet at least an 80% accuracy rate for the calendar year. For purposes of determining what case documentation issues count as errors for the TCR process, only issues that affect Shares child care eligibility and the amount of the Shares authorization will be counted as errors for purposes of meeting the 20% error rate performance standard. Other case documentation issues can be identified through the TCR process; minor case documentation issues will not be counted as errors for the TCR performance standard.

Data Source

TCRs

Data Collection & Frequency:

CONSUMER DISCLOSURE

From time to time, State of WI (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign, Inc. (DocuSign) electronic signing system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to these terms and conditions, please confirm your agreement by clicking the "I agree"™ button at the bottom of this document.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after signing session and, if you elect to create a DocuSign signer account, you may access them for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. To indicate to us that you are changing your mind, you must withdraw your consent using the DocuSign "Withdraw Consent"™ form on the signing page of a DocuSign envelope instead of signing it. This will indicate to us that you have withdrawn your consent to receive required notices and disclosures electronically from us and you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures

electronically from us.
