

2015 RES-457

AUTHORIZING ACCEPTANCE OF GRANT FUNDING TO PURCHASE LASER RADAR EQUIPMENT (CIOT-2016-DANE CO-00013)

The Wisconsin Department of Transportation, Bureau of Transportation Safety (BOTS), is making funds available for Dane County to purchase laser-based, speed-enforcement equipment to conduct enhanced year-round enforcement efforts that encourage safe and effective driving habits and measure traffic speed effectively. Grant funding will provide for the purchase of two, Kustom Signals Pro Laser 4, traffic laser kits and holsters. Laser technology allows for superior target acquisition in high-volume traffic areas and will be used with existing radar speed enforcement systems.
