G. Reports to Committee - 2017 Lakes and Watershed Commission Annual Retreat

2017 Priority Setting, Work Planning and Organizational Structure

Commission members reflected on 2016 accomplishments, and set priorities for 2017 (phosphorus reduction, chloride reduction and groundwater/infiltration (including stormwater volume)). The Commission will also continue its focus on equity and inclusion, and request periodic briefings on other issues of interest such as shoreland zoning and aquatic invasives.

The Commission's 2017 organizational structure will remain essentially as it was for 2016; with an Executive Committee, three work teams (phosphorus, chlorides and groundwater/infiltration) and an Ad Hoc team for equity and inclusion. Individual members will also serve as liaisons with Green Tier, Clean Lakes Alliance and the Capital Area Regional Planning Commission.
