

To: ZLR Committee

From: Bridgit Van Belleghem, Senior Planner, 2024 Zoning Review Project Manager

Date: June 2, 2025

Dear Chair Doolan and Committee Members:

The 2024 Zoning Review Project aims to correct zoning map errors, particularly those that occurred due to the timing of rezone approvals and the 2018 Zoning Code adoption. We are in month 4 of the project.

The table below details the progress of this effort:

Review In Progress	Review Complete	Approval Process w/ towns and landowners	
Vienna Cottage Grove Roxbury Oregon	Albion Deerfield Burke Medina	York (initial response) Primrose (initial response) Perry (initial response) Vermont (initial response)	
Pending			
<u>Batch 3:</u> Mazomanie Rutland	<u>Batch 4:</u> Dane Pleasant Springs	<u>Batches 5-7:</u> Black Earth Christiana Montrose Cross Plains	Dunn Middleton Springdale Verona Blooming Grove

Dunkirk has completed the process through ZLR action. The review process is expected to take 4 more months. As a reminder, the approval process will occur town by town as reviews are completed and may take up to a year depending on town, staff, and committee capacity. Once approved locally, the rezones will be brought to the ZLR for approval. Once approved, Records and Support will update the current zoning map.

Please reach out with any questions,

Bridgit Van Belleghem, Senior Planner
