

AMENDMENT TO 2017 RES 134

RESOLUTION EXPRESSING DANE COUNTY'S CONTINUING SUPPORT
FOR THE PARIS CLIMATE ACCORD AND COUNTY ACTION ON CLIMATE CHANGE

(Adopted by Executive Committee 6-0, on 7/13/17)

Beginning at Line 83:

BE IT FURTHER RESOLVED that the Sustainability Subcommittee of the Public Works and Transportation Committee Dane County Board of Supervisors commits to will work with county and community partners to set a ~~goal and~~ date no later than 2035 as the date by which 100% of electricity for county government operations will be generated from renewable energy sources.

BE IT FURTHER RESOLVED that the County Board also supports setting a similar goal county-wide and recognizes that achieving a community-wide goal cannot be done by county government alone and will require leadership and commitment from businesses, community institutions, and utilities.
